'WONDERLAND' IS ONLY HOUR AWAY

(EDITOR'S NOTE: This is the fourth in a copyrighted series of articles on the San Jacinto Mountains. The majority of articles are being written by Ana Mary Elliott, who literally has "grown up" with the mountain area, while others will be contributed by noted authorities. Today's is by Ernest Maxwell of Idyllwild, well-known in outdoor activities and organizations. He currently is president of the Izaak Walton League in Idyllwild. Miss Elliott has been extremely interested in Mt. San Jacinto's history, formation and land use—and, now for the first time the story of San Jacinto is being told in its entirety.

By ERNEST MAXWELL

In 1947 I made my first snow trip into the San Jacinto Mountains and since then, I've made approximately two dozen treks up trails to the Wild Area.

Many of the trips were for the purpose of measuring snow in Tahquitz Valley where the U.S. Forest Service now makes regular surveys in February and March for the California Department of Water Rsources.

OUR EARLY studies were primitive and of little scientific value. We used no instruments, except a steel tape and can in which we melted snow and obtained a rough idea of the water content.

Today regular equipment is used which gives the exact depth of snow over the 500-foot course at 50-foot intervals, and in addition the percentage of water in the pack. In this way the annual report is recorded in virtually the identical area.

IT IS TOO early to determine what the average rainfall or amount of precipitation that falls each year is at Tahquitz Valley. Nevertheless, we are getting a better picture of what's on top as the years pass.

Since I covered the area during two seasons of heavy snows and above normal rainfall I believe that my observations can be regarded as reasonably accurate, although they are by no means conclusive.

Except in periods of heavy precipitation I think the San Jacinto mountain snow is over-rated. It isn't as deep or plentiful as most people suspect—but it is as beautiful as any.

FROM OLDTIMERS I had heard the pack usually measured 15-20 feet on the level above 8,000 feet. Since 1927 none of us who have trekked into the wild area have encountered such depths, except in drifts.

Deepest snow recorded or noted in the past 13 winters was measured in Tahquitz Valley in late March, 1952. This was the year the U.S. Forest Service recorded 44 inches of rainfall at Idyllwild and our wettest year since 1945.

EARLIER THAT year four of us hiked to the top of San Jacinto Peak and found the snow about eight feet. As I recall this was in February, 1952.

Much of the snow is iced over because of daytime melting. This

Youth Injured Sunday In Area Hunting Accident

Fourteen-year-old William Kirk Marvin was today recovering from a bullet wound in the abdomen, the result of a near-tragic hunting expedition here Sunday.

The boy's mother, Mrs. Roma Marvin, of 156 Morongo Road, said her son was shot in the left hip by a .22 calibre bullet accidentally triggered by a hunting companion.

DESERT HOSPITAL officials said it was not a serious wound but they plan to keep the boy under observation for several days.

Sheriff's deputies reported that young Marvin and a companion, Earl Brent Hough, 14, of 172 Ocotillo Avenue, were hunting in the foothills about a mile south of Laurye's Steak Ranch on Highway 111.

They were apparently running through the brush when Hough's rifle became entangled in the brush. The rifle discharged as he tugged it free, deputies said, sending a bullet into Marvin's hip.

YOUNG HOUGH hiked back out to get help and Deputy Gordon Wickham and Oasis Ambulance attendants Tony Cato and Arnie Ruiz lugged the injured youth out in an hour-and-a-half journey through the rough mountain country.

They were assisted by Palm Springs Police Lt. John Herrera and Detective Richard Larson.

Harry Rosenberg Services to Be Held Wednesday

Funeral services will be conducted in Los Angeles tomorrow for Harry Rosenberg, 69-year-old proprietor of the Ham 'N Eggery Restaurant here, who died of a heart attack at Desert Hospital yesterday afternoon.

A native of Russia, Rosenberg came to Palm Springs from New York City 11 years ago. He operated the Ham 'N Eggery Restaurant at 370 North Palm Canyon Drive.

Rosenberg leaves his widow, Fannie, of Los Angeles, two daughters, Sylvia Gordon, of North Hollywood, and Florence Goodman, of Encino; and a son, Norman, of New York City.

Funeral services will be conducted at noon Wednesday in the Eden Memorial Park Chapel at 11500 Sepulveda Boulevard, San Fernando. Interment will follow at Eden Memorial Park, with the Willen Valley Mortuary, 5948 Van Nuys Boulevard, in charge.

Truman Urges Full-Scale Use Of Foreign Aid

WASHINGTON (UPI) — Former President Harry S. Truman urged Congress today to make sure America's foreign aid program was "carried through to a photo finish for the welfare of the world."

'COURTS AND PEOPLE' TO BE ROTARY CLUB TALK BY McCABE

Riverside County Superior Judge will discuss "The Courts and the People" when the Palm Springs Rotary Club meets at 12:15 p.m., tomorrow, in the Chi Chi Starlite Room.

The jurist, who has presided over the Indio Branch of Riverside Superior Courts for nearly six years, will be observing the theme set for National Law Day which occurred on May 1.

Judge McCabe is a member of the Palm Springs Rotary Club.

Jordan Premier Quits; 'Illness' Cited as Cause

LONDON (UPI) — Amman Radio today announced the resignation of Jordan's Premier Samir El Rifai, 60-year-old "strong man" of King Hussein's troubled kingdom.

Rifai gave illness as the reason. He had been Premier of Jordan since May, 1958.

A brief communique from the directorate of press and broadcasting in Amman disclosing Rifai's resignation came three days after Hussein's return from a global tour which included visits to London and Washington.

Rifai had met Hussein in Washington for the talks there. He returned to Amman shortly before the King.

The announcement came as a shock here. The first report from Amman Radio was monitored here.

Rifai was the unquestioned civilian power in Jordan. He had maintained Hussein's throne against the tides of Arab nationalism and the unrest which followed the revolt which deposed his cousin, King Faisal, in Iraq last summer.

Weather

Desert area forecast:

Sunny today and Wednesday but some variable high cloudiness. Slightly warmer days with highs today 72-82 upper valleys, 82-90 lower valleys.

Yesterday's high was 84, the low 44. Weekend high-lows were 80-56 for Saturday, 78-49 for Sunday.

Hearings Set On 2 Indian Land Bills

Equalization, Longer Lease Laws Proposed

Congressman D. S. Saund (D-Westmorland today announced that hearings are tentatively scheduled in Washington June 1 and 2 on two bills he has introduced which hold promise of far-reaching effects in the Palm Springs area.

The bills are HR-5557 and HR-6672 HR-5557 provides for the equalization of allotments on the Agua Caliente Indian Reservation and HR-6672 authorizes longer term leases on reservation property, in order to faciliate financing for development.

"A FAVORABLE REPORT on the equalization bill has been received from the Department of Interior and chances are bright for passage of this legislation," Saund said today. One of the provisions of the bill would make it possible for the City of Palm Springs to purchase the site of the present municipal airport, which is located on Indian land.

The second bill amends the Indian Long-Term Leasing Act which now limits leases to 50 years. It would permit leases of 75 years.

Included in land which would be allotted to the remaining members of the Agua Caliente Tribe if HR-5557 is approved during the current session of Congress are areas in the heart of Palm Springs

THE REMAINDER of the reservation, exclusive of recommended reserve areas, totals 23,660 acres of land. Value of the property based upon appraisals made in 1957 and 1958 is approximately $12,800,000.

In his report to the Interior and Insular Affairs Committee on the bill, Assistant Secretary of the Interior, Roger Ernst stated, "It is assumed that this acreage and valuation, if distributed to the lower valued living allotees, would enable us to achieve an equalization value of approximately $350,000 for approximately 80 individuals."

Driver Escapes Injury in 4-Car Sideswipe Crash

A young motorist escaped injury here this morning when he apparently dozed off at the wheel of his car and sideswiped three vehicles parked on Palm Canyon Drive, police reported.

John T. Milligan, 18, of Arlington, told officers he fell asleep at the wheel and his southbound car caromed off the sides of three cars parked in the 1100 block of North Palm Canyon Drive.

Police said only minor damage was inflicted on the autos, owned by Keith Herbert, of 1153 North Palm Canyon; Carl Helmick, of Riverside, and Suzy Seenstra, of Los Angeles.

DESERT WHEELBARROW STUFFING champions are the 30 Palm Springs High School students who staged this classic pileup to claim the world's wheelbarrow record. Student Jeff Lilley said the high school boys heard about crowded phone booths and midget autos and decided to set a record of their own. They heard that 17 penitentiary inmates clambered aboard a single wheelbarrow and figured they could beat the record hands down. So, 30 Palm Springs students were sandwiched atop a stout barrow to prove their point. Anchor men in this weighty mass were those husky footballers who weighed a total of abou 750 pounds—they're on the bottom.

Talks Involve Well-Being Of Country

Deplores Any Government Economic Control

WASHINGTON — (UPI) — President Eisenhower called today for mobilization of public opinion against any steel industry wage agreement that would be clearly inflationary.

Some reporters construed Eisenhower's news conference remarks as the first hint of federal intervention if the agreement is inflationary. But he was not clear on this point.

THE PRESIDENT appealed to management and labor to use good sense, wisdom and economic statesmanship in the current negotiations.

Otherwise, he said, in the long run the U. S. cannot stand idly by and do nothing.

Eisenhower said he deplored the possibility of putting the government at the collective bargaining table. He also said he disapproved of having to resort to mandatory wage-price controls because, once you do that, it will hurt the American system.

THEN HE ADDED that he want ed to make clear that we are concerned about the situation and cannot stand idly by.

The President did not say whether he thought any kind of wage increase would be harmful.

The President said in reply to a news conference question that, however deplorable the prospect of Government intervention, the steel negotiations involve the entire American public and the economic well-being of the nation.

HE SAID THAT the entire country must look to steel management and the United Steelworkers Union for wise conduct of their contract negotiations. Otherwise, in the long run, the government could not stand still and do nothing about any agreement that promised to be clearly inflationary.

Warmest to the subject, Eisenhower suggested that all Americans make it clear that they are deeply concerned over the long-range effects of the steel negotiations and will not stand idly by if they are to be damaged.

Five Hearings Set Tomorrow By City Planners

Five public hearings head the Wednesday meeting agenda posted for the City Planning Commission.

Hearings scheduled for the commission meeting at 3 p.m. in the City Council chambers include:

APPLICATION OF George Goldberg, Samuel Sontag and Jerry Nathanson for a zone change from G-R to R-3 for property on the east side of Indian Avenue between Francis Drive and Simms Road.

Consideration of change of zone in Sections 34 and 35 (continued hearing).

Application by the Palm Springs Racquet Club to change zone from R-1a to R-2, permitting construction of apartments and bungalows on property behind the present club site.

APPLICATION OF Ramon Rise Estates, Inc., for commercial and R-3 zoning for R-1 and R-2 property located on the south side of East Ramon Road, between Compadres and El Cielo Roads.

Edward Myerson's application for a conditional use permit to erect a golf driving range with accessory activities on the north side of Ramon Road, between Warm Sands Drive and Grenfall Road.

Council Adopts Cautious Attitude on Tract Homes

Palm Springs City Council at its luncheon session yesterday took a more cautious attitude, but continued its reasoning against "cookie cutter" tract homes in Palm Springs.

At the informal session of the council, held at Chi Chi, the council was faced by two of the largest subdivision builders in this area, George and Bob Alexander and Jack Meiselman.

MEISELMAN, WHO HAS built a total of some 400 homes, had very little to say, but George Alexander and his son, Bob, had several comments.

George Alexander said that he didn't mind the idea of having larger lots (15,000 to 20,000 square feet minimum' but added that he believed it would be a mistake to have them this large for all classes of people. He said, however, that it was just as big a mistake to have smaller lots of some 7,500 square feet.

VICE MAYOR TED McKinney, who presided over the discussion session, said that Council did not intend "to cause trouble between the council and the builders," and added that the press had reported the discussion of a week ago "although we didn't want it to come out."

But Councilwoman Ruth Hardy held to her opinion that "cookie-cutter" tract homes "are just not for Palm Springs." She said that she had taken a tour of the tract home areas here and had noticed home after home designed "just alike."

"Another thing we need badly in these areas," said Mrs. Hardy, "are park sites intermingled with the homes. Couldn't' the builders of these tracts set aside a couple of lots to be used for a community park?"

TO THIS QUESTION, Alexander was almost enthusiastic. He said that they are planning to put in a community park in the Racquet Club Estates area, and asked the upkeep of the one-acre area.

The council did not answer the question, but said it would take the matter under submission.

The council then asked the builders if they knew of anything that would help them if it were added to the building code, and Alexander said that he would like to see it necessary under the building code to install sidewalks and street lights in subdivisions.

WHETHER THE question on "cookie cutter" tract homes will be carried further is not known, because after facing the builders yesterday some members of the council began to back down from the original proposals of a week ago.

Summit Meet 'Certain'---Ike

WASHIGTON (UPI) — President Eisenhower said today a Big Four summit conference later this year is almost a foregone conclusion if the forthcoming Geneva foreign ministers' meeting provides anything in the way of enlarged hope for settling tensions.

Norman Lofthus Named Manager For Station KCMJ

Norman W. Lofthus, an executive in Radio Station KCMJ here for the past seven years, has been named general manager of the facility, it was announced today.

The announcement was made by KCMJ President Louis Wasmer, co-owner with Cole Wylie of the station.

LOFTHUS WAS sales manager and later general manager for KCMJ prior to its reorganization in December of 1958. The Minnesotan had previously been associated with Warner Brothers and Fox theaters and with Radio Station KBKW in Aberdeen, Wash.

Both of the owners of the KCMJ facility have extensive interests in Washington radio. The pair, in a joint statement, said that they anticipated Lofthus would "most capably carry out the program of expansion we plan for KCMJ."

"WE HAVE FOUND Mr. Lofthus to be highly regarded in the Palm Springs area, both as a businessman and as an individual," they said.

Hal McIntyre Dies of Burns

LOS ANGELES — (UPI) — Hal McIntyre, 42, leader of one of the nation's top swing bands in the 1940's, died today of burns suffered in an apartment fire.

SPORTS ILLUSTRATED DETAILS 'DESERT GOLF EXPLOSION'

The "Desert Golf Explosion," a gasping, incredulous eye-view of the arrival of 11 golf courses on the desert landscape, is featured in the current issue of Sports Illustrated.

Now on sale on Village magazine racks, the magazine displays color photographs of Bermuda Dunes, Eldorado and Tamarisk golf courses — taken from the air by John G. Zimmerman—with the notation that "Palm Springs is able to bill itself with a perfectly straight face as the 'Winter Golf Capital of the World'."

The magazine notes that the "explosion" on the desert has netted the 1959 Ryder Cup matches, will produce a golf-conscious 65,000 population for the region by 1971.

$200,000 Camp Fund Drive Now Underway

Desert Area Residents Named to Scout Committee

A complete list of all desert area citizens who will act as a Citizens Advisory Committee for the $200,000 Riverside County Boy Scout Camp Development Fund campaign was released here today together with the notification that the group will mass for a preliminary dinner session in Riverside tomorrow night.

The list of desert members of the advisory board, part of a 300-name list that bears representatives from the far-flung corners of the county, also includes the three men who have been named to the campaign's executive committee.

MEMBERS OF the executive committee will gather at 5 p.m., tomorrow, in Riverside's Mission Inn for preliminary planning on the fund drive. They will be joined by the entire Citizens Advisory Committee at 7 p.m. for a "dutch treat" dinner which will be capped with an address by Kenneth Bechtel, national president of the Boy Scouts of America.

Palm Sprngs representatives on the advisory unit are Glenn Austin, Arthur E. Bailey, Leo Baker, George Beebe Jr., Frank Bennett, Dr. James Blackstone, Val Blatz, Mayor Frank Bogert, Hug M. Brinkley, F. Gillar Boyd Jr., Frank W. Camp, A. D. Carter, James I. Cavett, Ben Cowan, N. H. (Toby) Curtis, W. A. Foster, Donald A. Fry, George D. Gannon, Harold Hicks, Fred Ingram, Sol Lesser, David McGahey.

MRS. PEARL M. McManus, George Murphy, Culver Nichols, Dr. John W. Nevins, Dr. Bernard Poliak, Zachary Pitts, Dr. Henry Reid, Stanley Rosin, Aronld Rumwell, Ray Ryan, Santos de Jesus, Peter B. Sheptenko, William H. Smith, Earle C. Strebe, Russell Wade, H. Roger Williams and James F. Vanek.

Members from Palm Desert include Dr. Charles B. Alexxander, Winfield Andrews, F. E. Bower, H. L. Cavanagh, Dr. Frank W. Cockerill, William W. Cook, John Dawson, Ira G. Johnson, Hal Kapp, Richard B. Kite, Richard C. Kite, Jerry Malone, Lou Miller, Edward D. Mullins Jr., Eugene C. Roberts, Stewart E. Trumble, Mon C. Wallgren, Edith Eddy Ward, L. G. Webster and Eddie Susalla.

Michael Buccino and Phil J. Franklin are Rancho Mirage delegates to the citizen unit.

DR. ROBERT S. Bertrand, Merrill Brown and Orvil Zappe are to represent Cathedral City and Clifford Babin and Alan Horton have been selected to be the Desert Hot Springs representatives. Dewey D. Wallace will act as Thousand Palms' delegate to the meet.

The three members of the executive committee already announced in these pages, are Leonard K. Firestone Jr., and Edgar L. McCoubrey, of Palm Springs, and Clifford Henderson, of Palm Desert.

Scout officials emphasized that while the dinner tomorrow is a "dutch treat" affair, there will be no solicitation conducted.

Sketching Trek Now Under Way

RANCHO MIRAGE — Members of the Businessmen's Art Institute of Los Angeles are making the Rancho Mirage Hotel Apartments their headquarters for their annual Sketching Trek to the desert, which is looked forward to not only as a fun outing, but the challenge of capturing desert scenes on canvas.

Sam Hyde Harris of Alhambra, the Institute's regular landscape instructor, accompanied the group and gave instruction for the first three days, devoting the remainder of the week to his own sketching.

Saturday night the group gathered for a demonstration by well known desert painter William Krehm.

Members attending are Lloyd Hollywood from Pasadena; Earl McClanahan of Santa Fe Springs; Don Campbell, Roland F. Logan, Hardy Bookwalter, Dr. William Bartosh and Walter G. Willson (president) from Los Angeles; Clifton G. Mackay of South Laguna; Dr. R. L. Jeffery from San Marino; George Bennet of Alhambra; Raymond Solivan from Culver City; Adrian Foose of Hollywood and Duncan McIntyre from Sherman Oaks.

Bad Seeds

CARMI, Ill., (UPI) — Thieves shoveled about 3,500 pounds of uncleaned lespedeza seed through a window into a truck, and also hauled off 1,500 pounds of cleaned lespedeza seed and 1,400 pounds of maize seed in bags.

Dartful Don Rickles Opens At Hotel Sahara

LAS VEGAS, NEV. — Dartful Don Rickles tries his tested luck for the first time in this resort city beginning Tuesday when he tosses his caustic barbs across the bar in the Casbar theatre of Hotel Sahara.

The uncontested master of the unsubtle insult, roaring Rickles has staggered audiences from coast to coast with the direct dig, but always has fooled the kidsmakers by getting away without being belted.

At the Sahara, the loud-mouthed laugh getter probably will find the odds a little longer on his winding up with a fat lip, but the price doesn't figure to slow him down or soften him up.

Alternating with raucous Rickles on the midnight - to - dawn beat will be jarring Jack Ross and the Dick Lane quartet, a new Sahara powerhouse, with the 4 p. m. to 6 a.m. lounge lineup rounded out by The Sabres, Art Engler, Rudy Baum and Sando Deems

Pyrotechnical Scarecrow

MONTPELIER, Vt. (UPI) — The General Assembly introduced a bill permiting farmers to use fireworks for scaring off birds which peck at crops.

RETIRED L.A. MANUFACTURER Louis Greenwald renews an old acquaintance with Day, Dawn and Dusk — Ed Coleman, Mack Smith and Bob Caver -- during current stand at Chi Chi Starlite Room. Greenwald, accompanied by Villager Ann Bell, talked over the 15-year span in which he's watched the group grow from a small club act into headliners in major U.S. night spots. In three appearances here, the trio has created solid legion of fans. (Desert Sun Photo)

DAY, DAWN, DUSK HEADLINE CURRENT SHOW AT CHI CHI

By GEORGE LAINE

Day, Dawn and Dusk, the action-packed trio currently headlining the bill in the Chi Chi Starlite Room, have been "growing up" along witht he North Palm Canyon club.

"We've played three different Chi Chi's over the years," reminisced Ed Coleman, who also plays the piano in the show.

CHI CHI NO. 1 was a dinky little room. Chi Chi No. 2 was a well-appointed spot that pulled audiences together and Chi Chi No. 3 is the plushest spot they've "ever worked," the trio agreed.

"This place is the most beautiful I've seen," said Mack Smith, who sings leads in the group. "It makes you feel like you've been somewhere. That applies to performers as well as the audiences."

DAY, DAWN AND DUSK got together back in 1945, although not in the form you'll see it during the twice-nightly shows here. Coleman, along with Bob Caver and Gus Simons, had been singing in the Hall Johnson Choir, one of the best-loved of all Negro choral groups.

"We met the Delta Rhythm Boys in 1945, just as they finished up an engagement at the Ruban Bleu in New York," recalled Ed. "They said we ought to ask for the job. So we did."

The Ruban Bleu, with acknowledged good taste, grabbed up the trio quickly. But the classy New York bistro couldn't hold the boys. Club owners use the Ruban Bleu to eye new acts and Day, Dawn and Dusk wound up — in rapid-fire order — at Chicago's Latin Quarter, bounced into Slapsie Maxie's and played a host of other spots. New York, Vegas, Canada and other locations were followed — in 1947 — by an engagement in Rio de Janiero's sparkling Copacabana.

DURING ONE OF their stays in Vegas — at the Thunderbird in 1953 — a visitor asked if they'd be interested in playing a club in Palm Springs.

"His name was Irwin Schuman, said Ed, "and we've been Chi Chi regulars ever since."

Oddly enough, not one of the threesome was aiming at a night club career until it happened.

ED STUDIED IN New York, Chicago and Detroit with an eye toward becoming a concert pianist. But he abandoned that after several years of knocking at the door and directed his energies into the Hall Johnson group.

Bob, whose tenor voice is regarded by many as the "most powerful" in vocal groups today, went to Julliard with his aspirations high for concert singing. But Bob met a young lady, married her, had "two kiddies back to back" and stopped his education to support the Caver family.

WHEN GUS SIMONS, who had sparked the Day, Dawn and Dusk group here on two engagements, died in 1954 both Ed and Bob were stymied for a replacement. Their answer came in the form of Mack Smith, a two-time winner of the Major Bowes competition conducted in Army camps and victor in Arthur Godfrey's Talent Scout program in 1952.

"I wanted to be a singer," confied Mack, "but I wanted to be a fighter, too."

The three heard about one another simultaneously and Mack abandoned his ring career to join the trio.

"We were never a commercial act until Mack joined us," said Bob. "We had one of those clever, cafe acts up until then. Now we're really clicking."

HIGH ON THE AGENDA of things - to - do - this - year for the trio is a series of recordings for the Sunbeam Record Company when they get back to New York this summer. Some of their previous efforts — for Josie and Apollo Records — sold well in specialized areas but the boys figure they're ready for the big market now.

"We figure to record some rock and roll things," Ed said. "We've got them in the act and they're well - accepted. They're musical, too, not just a beat. You can do rock and roll and still have it be good music."

The way it comes out when Day, Dawn and Dusk sing, it is just that — good music.

One-Man Exhibit Set By Sun Town

CATHEDRAL CITY — The work of artist Gaylord Richmond will be featured in the first one-man exhibition to be staged by Sun Town Trailer Park here, starting May 11.

Richmond's paintings will be publicly exhibited at the Sun Town Patio Gallery from 3 to 6 p. m. daily, May 11 through June 1.

THE SHOW WILL open following a private preview Sunday, May 10.

Richmond, a resort area resident, formerly attended the Otis Art Institute in Los Angeles, where he designed jewelry for the movie industry. He later received bachelor and master of arts degrees at Yale University.

He was awarded the Alice Kimball Fellowship and studied in Europe for two years, following which he taught for three years at Flintridge School in Pasadena.

RICHMOND THEN returned to Yale and taught at the Yale School of Fine Arts for the next 12 years. He later resigned and returned to California and the post of director of the Los Angeles County Art Institute, a post he held for five years.

Richmond, who directs the arts and crafts program at Sun Town, was also vice president of the Allied Engineering Co. and worked professionally as a mural painter, portrait painter and illustrator.

He also created several industrial designs in furniture, textiles and jewelry. His work was exhibited throughout the East Coast region.

Cancer Society Cites Major Research Goals

The American Cancer Society's research into three specific forms of cancer helps illustrate the wide areas of scientific inquiry for which financial support is being sought during its current Cancer Crusade, it was stated today by Joe Henderson, Crusade chairman for the Palm Springs Unit of the Society's Riverside County Branch.

The three kinds of cancer — cancer of the blood (leukemia), cancer of the lung, and cancer of the uterus — provide case histories illustrating the degrees of progress made in cancer research.

LEUKEMIA IS ONE of the most tragic of all cancers because it kills 2,000 youngsters every year and no cure for it in humans has yet been found, Henderson said.

Yet through research it has been possible to comfortably prolong the lives of many leukemia patients, and in animals some forms of the disease actually have been cured, he declared. This year the American Cancer Society is spending more than $1,500,000 on leukemia and renlated virus research.

HENDERSON POINTED out that lung cancer, which has advanced in recent years to become the most frequent cause of cancer death in men, now is starting to rise in women too.

The American Cancer Society has appropriated $2,000,000 toward lung cancer research.

"THE LIVES OF ONLY four per cent of lung cancer victims are now being saved," Henderson declared, "but it is encouraging to know that with present medical knowledge it would be possible to save one patient in every three. These statistics point up the need for intensified programs to impress upon the public the need for the early recognition and treatment of cancer, and for its prevention by avoiding known causes of the disease."

The third form of cancer — uterine cancer — provides an example of tremendous achievement in saving lives, according to Henderson.

THE LIVES OF more than half of all uterine cancer patients already are being saved, and the cure rate can be increased to 70 per cent or more through earlier detection and adequate treatment. The "smear" test for uterine cancer developed by Dr. George N. Papanicolaou has been instrumental in saving many lives, and the American Cancer Society has invested $1,000,000 in research aimed at perfecting the method and making it more universally available.

NORTH PALM SPRINGS

By ORPHA GEIER

Janice and Marian Ruiz, daughters of Pete and Charlotte Ruiz, underwent tonsillectomies last Saturday. Both little girls are doing nicely and are back in school.

Here to attend the funeral services for Eddie Donaghue on Tuesday were George Donaghue of Covington, Okla., Mr. and Mrs. Leonard Donaghue, Doris Patterson and Geraldine Williamsen of Wichita, Kans., Mr. and Mrs. Eugene Donaghue of Shepherd, Texas, Reva Wilson of Garber, Okla., Ella Balch of Fresno, Ruth Donaghue and sons, Gary and Eddie of Porterville, Mr. and Mrs. Penrod of Los Angeles and Evelyn Penrod of Porterville.

Sunday guests at the home of Dick and Marie Maher were Dick's sister and brother-in-law, Virginia and Eddie Kingsley, formerly of New York, now of Indio.

T. D. and Nelle Pendergast have purchased the George B. Hansen home on Keith Street. Cliff Warner has leased the property and will make his home there.

Suzie St. Clair, a former resident, was out from Boron Sunday for a visit with old friends and neighbors.

Mr. and Mrs. Bob Williams of San Pablo flew down Saturday, for a few days. The Williams home at 64-621 Dillon Road was destroyed by fire early Friday morning.

Mickey Patterson of Orange and Bea Longbrake of Lynwood spent a few days last week at the home of their sister, Orpha Geier. On Wednesday they enjoyed a tour of points o finterest in the high desert.

Guests of John and Lora Rose over the weekend were Mr. and Mrs. Robert Hawkins of Bellflower.

Horace and Frances Oliphant of Sun Valley, who aer frequent weekenders to the desert were out last week for a few days at the hot mineral pools which Mr. Oliphant finds very beneficial to his arthritic condition.

Bob and Cheri Shermer and Evelyn Brown all of West Covina, drove out last week, the Shermers to look after their home here and Evelyn to take care of a business matter in connection with her home in Palm Springs.

Speed Limits Set by Board

An ordinance was adopted by the Board of Supervisors this week setting speed limits for several streets in the county including two in Desert Hot Springs and several in the San Jacinto and Hemet area.

In Desert Hot Springs the speed limit for Palm Drive between Pierson Boulevard and Eighth was set at 25 miles per hour, and on the same street between Two Bunch Palms Drive and Acoma Avenue, at 35 miles per hour.

The new speed laws will become effctive May 27.

Tickets on Sale Now for Play 'Angel Street'

Tickets went on sale this week for the Coachella Valley Union High School student production of the suspense play "Angel Street."

The three-act thriller will be presented at the CVUHS auditorium the evenings of May 8 and 9.

Tickets may be obtained from members of the CVUHS Girls' League or at the auditorium box office the evenings of the performances. Tickets cost $1 each.

Directed by Bill Weber, the play features a student cast comprised of Darlene Gaston, Dale Cox, Gary Keefe, Diane Hinkle, Elsie Shockley, David Hinkle and Kirk Corlette.

A famous New York and London stage success, "Angel Street" was also produced as a motion picture, "Gaslight," starring Ingrid Bergman and Charles Boyer.

The word "colorado" is Spanish for "ruddy" or "red". The state of Colorado was so named because of its red soil and rocks and the ruddy color of the Colorado River.

Trackmans Host Houseguests

RANCHO MIRAGE — Dr. and Mrs. Joe Trackman of Tierra Del Sol, Rancho Mirage, had as their houseguests for a week Dr. and Mrs. Ben Kagan and their two sons, Chris and Bobby. Dr. Kagan is chief of pediatrics at Cedars of Lebanon Hospital in Los Angeles.

Isaac Newton, famous for formulating the law of gravity, also invented the reflecting telescope.

OUR EXPANSION

HAS BEEN COMPLETED!

Bank of America's Palm Springs Branch has expanded and redecorated, to make banking here even faster, easier and more pleasant for you.

We have enlarged the bank considerably, and replaced our 17 teller windows with facilities for 25 modern *counter-style* teller stations. Two *walk-up windows* have been installed where you can bank quickly without even taking time to come inside the branch.

A complete Trust Department has been added, to provide full-time on-the-spot service concerning wills and trusts.

The bank has also been redecorated, inside and out, with attractive new colors and fixtures.

We hope that our expansion did not inconvenience you during your visits to the bank. Thanks for bearing with us through all the clatter and confusion.

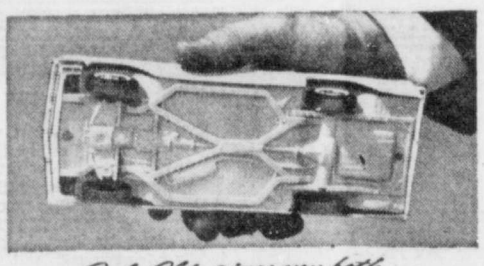
WHAT MAKES AN OLDS RIDE SO WELL?

SUPER 88 HOLIDAY SPORTSEDAN


Only Olds gives you both...
GUARD-BEAM FRAME PROTECTION
AND WIDE-STANCE CHASSIS CONSTRUCTION
Come in and see for yourself! The sturdier design of Oldsmobile's Guard-Beam Frame is clearly shown on this miniature model.
Take a trial drive in a '59 Olds! Discover how the 9-inch wider frame makes Olds smoother, steadier, more sure-footed . . . more stable on turns. You'll find steering more responsive, too!
It all starts with a 9-inch wider frame . . . Oldsmobile's exclusive Wide-Stance Chassis!
When it comes to designing an automobile for superior riding qualities, the key engineering word is *balance*.
That's why Oldsmobile brings you the Wide-Stance Chassis—*plus* an exclusive frame construction with the best stability and security factors of *both* "X" and cross-member construction. There are stabilizer bars front and rear.
Big, smooth-acting front coil springs team up with wide, splay-mounted *leaf* rear springs that automatically dampen road shock. And the springing system is further assisted by direct-action, outboard shock absorbers.
But for you, the important thing is the result! You've heard of smooth, road-hugging rides before . . . but you actually have to drive a '59 Olds to experience the marvelous difference in its ride. Now that it's Spring . . . why not join us and take that ride?

THE CLIMATE OF COGITATION

WASHINGTON, D. C. — If we news commentators were weather forecasters, we would rely more than we do upon the "build-up" of certain conditions in the "atmosphere." A meteorologist, for example, might predict that a mortal storm of introspection is building up in this country. People are brooding over the nature of self-government. These signs point to that observation:

In North Dakota the legislature passed a bill to forbid ex-convicts from holding Labor union offices. (Federal law permits an ex-convict to hold union office after five years.) The North Dakota action represents honest and intelligent skepticism about "democracy." It queries the thesis of universal equality. It vigorously denies the sentimental assumption that a crook who has "paid his debt to society" is fit to govern, even if elected.

IN TEXAS, STATE Senator Charles Herring (D., Austin) has a bill to lessen the public reliance upon juries. As the law stands in Texas and many other States, the jury decides both guilt and punishment. This blithe belief in deciding everything by a show of hands has not always worked out for the best.

A series of interviews with ex-jurors, conducted by the Amarillo (Tex.) Globe News reveals that people are very squeamish about punsihing their fellow beings and are more inclined to acquit a known offender or to let him off easily than to endure protracted arguments or to risk "playing God."

THE HERRING bill would separate the issues of guilt and punishment, holding different jury sessions for each, and giving the judge a larger part in setting penalties. Again, the all-out acceptance of vox populi is being queried.

In New York the legislature passed a bill (vetoed by Governor Rockefeller) which permitted the teacher to whip a recalcitrant pupil. The lawmakers were turning to traditional authority and turning away from the democracy - directed ideas of vintage concerning "self-government" by juveniles.

We too easily forget that the Anglo-American world supremacy for many centuries was firmly based upon the whip and thongs. Washington's Army, Nelson's Navy, generations of school boys and bevies o fwives were all flogged, under the law to the benefit of themselves and mankind.

IN THE SUPREME Court on last April 3, U. S. Assistant Attorney Genral George Cochran Doub argued that although "an injustice, an inequity" might infrequently be done in denying a Federal job to a "security risk" individual, "the people of the United States have the right to the benefit of the doubt."

Mr. Doub's argument, and that of the Eisenhower Administration, is in direct contradiction to the once-flourishing cult of individual absolutism. Personal liberties are fine and dandy, but Society deserves protection.

IN THE U. S. Senate the Internal Security Subcommittee is taking testimony on a large packet of bills, mainly to curb or correct the I - am - a - legislative - body capers of the Supreme Court. Historically, the Court was intended to prevent Congress from going crazy with democracy.

Hamilton was horrified to find that the Constitution did not provide (although Chief Justice Marshall did it anyhow) that the Court could set aside Congressional actions. Today, Congress is very edgy about Court decisions which seem to elevate the individual mischief-maker above the government, the abstractions of international social justice above American customs and local usage.

IN THE 86TH CONGRESS, there is an embarrassed hemming - and - hawing about self-government for the District of Columbia. Theoretically, why not? Practically, the Negroes are a 60 per cent majority who commit more than 90 per cent of the crime. The statehoods of Alaska and Hawaii are causing undesirable imitations. Both the District of Columbia and New York City have been suggested for membership in the Federal Union which hasn't yet digested its latest meals. Statehood-for-all is the spirit of democracy, but is it good?

Everywhere, then, there are these build-ups of doubt. People's minds appear to be very hazy. True, nobody of consequence or good sense would question the ideal of self-government. Fidel Castro came and told us that it might be "four years" before he could hold effective elections in Cuba. Scientists cannot agree on what is a permissible percentage of contamination in atomic fall -out. Population "explosions" in Asia and Africa continue to reduce the popular representation of the Anglo - American peoples and their allies. In a World State, our Constitutional freedoms would be regarded as exotic fripperies.

Confronted with situations, and not with theories, our State legislatures, our Courts, or Congress, even our intellectuals are walking these days in clouds of uncomfortable thought.

That Balancing Part Is Tough

The Forthcoming Meeting at the Summit

CHICAGO — This correspondent is preparing to leave next week for Berlin, on the first lap of his 1959 trip to the most newsworthy areas around the world, returning from Formosa next September.

In Berlin, we are planning to dig out again contacts of some twenty-years standing, which we do on every trip, but especially now that Berlin has been catapulted into the headlines by Soviet strategy.

WE ARE ANXIOUS to put together the piecs of factual German opinion both in West and East Germany prior to our coverage of the foreign ministers' and Summit, conference later on.

In between, we plan to return to Russia for an on-the-spot appraisal of the Soviet official attbut especially to sound out certbuft especially to sound out certain non-Communist friends who confide to us the public reaction to Soviet foreign policy.

The non - Communist Russian people are doing more private talking these days than ever before . . . if they know you.

WE WERE FORTUNATE to have had a front row seat at the 1955 Summit in Geneva, which we fully reported in these columns. The big gun of the Soviet delegation then was Marshall Zhukov, who we observed stepping out of planes and limousines ahead of both Bulganin and Khrushchev.

At the coming Summit, it will be all Khrushchev. The significance of this important shift in Kremlin power indicates that the Russian army and the old Stalinists, like Bulganin and Molotov, will not be in the picture.

We will be dealing with the anti-Stalinists from top to bottom. Khrushchev, Mikoyan, etc., who temporarily are supported by opportunists in the Soviet army and the party.

MUCH HAS HAPPENED since the Geneva Summit in '55. Since then Russia has surprised the world with formidable advances into outer space, science and nuclear power.

She has made inroads into the Middle East and Far East through Iraq and the Communist victory in Indo-China. Mr. Khrushchev will be coming to the Summit with many more advantages than he had in 1955.

MR. KHRUSHCHEV will gain considerable stature at the forthcoming Summit by the simple fact that he forced it on us over Berlin. Even if it fails, as the Summit in '55, he will return to Moscow with considerably more prestige among many Russians, the Chinese Reds, the satellites and some of the neutrals.

It is our opinion that this consideration of pride and political prestige had as much to do with his insistence for a Summit conference than anything else. For Mr. Khrushchev is a greater egotist than was Stalin or Malenkov.

OUR PAST EXPERIENCES with the Russians at the Summits of Yalta, Potsdam, Geneva have proved costly and devoid of tangible results leading to peace. Our experiences have been particularly bitter and disappointing since the Summit of '55. From these experiences we should have learned that any agreements with Communists must include immediate machinery for enforcement.

We have been willing to take part in any agreements to peaceful co-existence . . . to abolition of nuclear weapons, tests, reduction of armaments . . . and to such specific questions as the unification of Germany through free elections. We should continue to strive for world peace and explore any meetings with Russia which offer a prospect in that direction.

Maybe the 1959 Summit will at long last provide this hope. Maybe even dictators realize the horrible alternatives of nuclear war. But in spite of past failures, this reporter will be covering the forthcoming conferences with the same hope, as always, that negotiations one of these days will result in compromises that may spare the world the alternatives of nuclear disaster.

The Desert Sun

The Animal Protective League wishes to thank you for the wonderful publicity The Desert Sun gave us on our recent fund raising efforts at the Chi Chi and the Bermuda Dunes Country Club.

As you know, the purpose of these two fund raising benefits is to construct a much needed animal shelter to serve this desert area. The League is working hard to bring this project to completion as soon as possible and, because of your wonderful cooperation, this should soon be a reality. The success of this venture depends on a large sense upon adequate newspaper coverage so the public can be informed of our needs and progress.

Again our heartfelt thanks.

Sincerely,
MRS. KENNETH A. GROW

In the thirty years that I have been going to Camp Emerson of the Riverside County Council, Boy Scouts I can recall only very limited improvements to a property which served its first group of 66 Scouts in the summer of 1926.

I remember the many years that we scouts collected and sold old newspapers in order to pay off the debt on the swimming pool which was built for us in 1926 but not paid for. NOW this pool is too small, and it would cost more to expand and repair it than to build a new pool.

The Scout leaders, who in addition to giving thousands of hours annually in volunteer service to boys through the Scouting program, have themselves been mainly responsible for the following listed improvements to the original Camp Emerson:

1—Dr. D. G. Nelson of Corona built and dedicated the entrance gateway to his wife, "Agnes."

2—The West Lodge and Ranger's Cabin was built in 1939.

3—The first Troop lodge was built in 1948 by Riverside Volunteer Scout Leaders with materials donated by Harry Lerner.

4—The volunteers of Corona, Banning, and Palm Springs each built a winterized Troop Lodge in 1950 51.

Other than these few simple structures to annually serve almost 6,000 boys in 180 Scout Units scattered throughout the entire County, the meager original facilities developed in the early twenties are now worn out from long use and overcrowded conditions.

This is the most eloquent reason why I am supporting the present capital improvements fund of the Boy Scouts of America in Riverside County.

QUOTES

CHICAGO — Thurston G. Morton, asked whether he is having trouble handling the two jobs of senator and Republican national chairman:

"My only complaint so far is that I haven't had a chance to get a haircut."

Although things may be
Slacking up,
Do not ignore the meters;
Gus Kettmann's boys are
On the job,
To mow down all the
Cheaters.

Understand that some people are jumping the gun, figuring that since the temperature is fooling around the three-digit mark, they won't have to pay to park.

But they do. Either in the meters or in court.

SPEAKING OF TRAFFIC, our Mr. Fred C. Weigel, who covers the desert as thoroughly as crickets after a summer rain, is a proud man today.

He has one of these little cars into which you shoe-horn yourself through the front.

He calls it his 40-40.

Meaning it will go 40 miles an hour and 40 miles to the gallon of gas.

ROLLING ALONG the highways, he sticks to the right side of the road because everything else is whizzing by.

But the other night on Highway 111, roaring along at 40, he heard a siren and was pulled over to the side of the road.

And he got a ticket for speeding.

Which makes him very proud.

"I didn't think this bug would ever go fast enough to attract attention," he said.

IN LISTING the special days in May last week, I overlooked one big one—Mothers Day—next Sunday, May 10.

So, in the interest of science, I did a bit of research work and found that Mothers Day is observed in many other nations but on varying dates.

In England, for instance, it's the fourth Sunday in Lent, March 15, this year. In France, the last Sunday in May, same as in Sweden. Autsria and Switzerland honor mothers the first Sunday in May.

Norway, however, favors the second Sunday in February.

So now you know when to send your flowers where.

..ONE OF MY FAVORITE pastimes is leaning on the UPI teletypes reading the news from outside as it unfolds.

You see lots of interesting items first hand that way.

Like, for instance, yesterday morning the teletype disclosed that a Mr. Robert Fawcett had retired after being 30 years with a West Hollywood Water company.

GEORGE LAFAYETTE, the unofficial mayor of Whitewater, where he provides for the thirsty at Shepperd's, was around looking for JoJo the other day.

He had been reading about the dramatic rescue of Little Richard, the Owasso, Okla., dog who became stuck in a crevice in a cave and gangs of men worked around the clock to rescue him.

"I think that JoJo, as our Dog About Town, should send Little Richard a telegram of congratulations," he said.

But JoJo was preoccupied with a pack of beef jerky a friend had smuggled to him.

It had to be smuggled because JoJo has reached the age where an oversupply of jerky distresses him.

STAN DELAPLANE'S Postcard

The Missouri weather was raw and rainy at St. Joseph, down to 36 degrees last night. But it warmed up on the road north into Nebraska.

It was on this road that the gold rush adventurers began to discover how much they had overloaded — a good deal like I overload my baggage.

EVERY JOURNAL of those days tells of abandoned supplies. And the curious jealousy of the people who threw them away.

"They mixed salt and dirt with the sugar. And new tools were laboriously broken so that none other could use them.

THERE WAS great rivalry with wagon trains passing wagon trains. A feverish urge to get there first. My great-grandfather observed this in 1850 with a dubious eye.

"For an illustration of why you should 'remember the Sabbath day, to keep it holy six days shalt thou labor and do all thy work.' And on Sunday let your horses and cattle rest," he wrote.

"A man of St. Louis, Mo., fitted out an express wagon train of eight, four-horse spring wagons to transport passengers to the gold mines in California.

"THE HARNESS AND wagons were new; the horses were in good condition. He had shipped by steamboat from St. Louis to St. Joe and the horses were not jaded by pulling through mud as many horses were.

"This train started from St. Joe the same day we did and traveled on Sundays. We always laid up on Sundays if there was any grass for our stock. On the second day from St. Joe this train passed us and on they went.

"At the Pacific Springs on the South Pass of the Rocky Mountains, I overtook them and they were badly demoralized. Some of the passengers had left the train and gone on afoot.

"I SAW NOTHING more of this train until we were over the Sierra Nevada mountains and within 15 miles of the gold mines. Then four men passed us with the remnant of the horses and harness. The passengers had all abandoned the train.

"Therefore when you are on a long journey, with horses or oxen, let them rest on Sunday," he wrote. "For they will gain through the week all they lose by resting on Sunday."

I HAVE NOT been traveling on Sunday and have been pasturing the little Singer Gazelle, a new British import, on high-test gas. It has been running 30 miles to the gallon.

I tried it on regular gas. But when I turned off the ignition key, it went right on firing in the most alarming way. Higher octane cured it.

BETWEEN THE Big Blue and the Platte rivers, granda ate his first buffalo meat. It was coaser grained than beef, he reported, but good eating.

Since then, of course, several hundreds highway restaurants have opened. They serve the most atrocious grease-fried food in the world. And it is my opinion that if these had been opened in the old days, the gold rush would have been stopped by indigestion.

IT WAS A MIGHTY rush, the travelers of 1850 wrote. The crossing of the plains could not be made until mid-May when the grass was high enough to feed the stock. The travelers had to reach California before snow fell and closed the passes.

"The discovery and development of our Western gold and silver mines has advanced the wealth and improvement of the United States a hundred years ahead of where it would have been," Grandpa wrote.

IT ALSO BROUGHT great civilizing effects.

I was glad to stop for the night in North Platte where the local theater was playing an excellent double bill: "The Blob" and "I Married a Monster From Outer Space."

Proving that the great gold rush was not in vain. And that civilization has truly arrived on the Great Plains.

GRIN AND BEAR IT — By LICHTY

". . . You can't wangle a raise at the office, you can't fool me and you can't outwit the children! . . . What makes you think you could catch a fish?

EARL WILSON: On to Fabian and Fortune

NEW YORK — Have you ever wondered how boy singers like "the Fabulous Fabian" get discovered?

Bob Marcucci, 29, manager of "the Fabulous Fabian," 16, who's in South Philadelphia High School and about to be signed by Hollywood, relates:

"I was going by my friend's house — his wife was having a baby — and this young boy in a T shirt and glasses came out on a porch next door. I said to him, 'Do you know you resemble Ricky Nelson'

"He said, 'Who's Ricky Nelson?' "

Marcucci, also manager of young Frankie Avalon, asked the boy, Fabian Forte, a policeman's son, if he could sing. He said he couldn't. Months later, Marcucci returned, said he'd teach him to sing. "Mama, that crazy man is here again," the boy said. Mama said, "You go with the crazy man."

He did, to the Dick Clark and Perry Como shows, and now toward a Hollywood fortune though more worried currently about homework. Crazy — Man-

Dorothy Shay was at her very funniest opening at the St.Regis —among those howling were TV's Bess Myerson. To a table back of her, Dorothy said: "You'll pardon my back — I hope the rest of you'll pardon my front." To a ringsider with a lot of hair whose head she patted: "Try to be bald next time." In general: "I know when I made my fiirst mistake in my marriage. It was my wedding day — I showed up. He smiles when he dreams but it can't be about the girls in the office — he isn't working." Dorothy said she's writing a book. One title: "Those Who Helped Me —And How I Hate Them."

Goodman Ace—already loaded after years as top radio and TV WRITER — is sure of a bigger bundle by becoming producer and writer of the new big Revlon show (via corporate capital gains). "I will hate leaving the Perry Como show which was so pleasant, but I'm a masochist—I like to work," he says. Surprised that his demands were accepted, he said, "Usually you have a meeting and talk over all the details, and if you play your cards right, you never see each other again." He contends that his claim to fame is that he thought of having Perry sit on a stool.

One of the wits of our day, Joe Laurie Jr., died five years ago today. It was he who said, "He who laughs, lasts." His friend and biographer, Jerry Lieberman, just reminded me of some of his lines: "Two can be as cheap as one . . . If at first your marriage does not succeed, try, try a gun . . . For Easter my wife gave me a rabbit punch . . . A commercial is a pause that depresses . . . The good die young but chances are if they lived they'd grow up to be just as mean as the rest of us."

Dayton's becoming a big Show Biz town! Buddy Hackett just played there, at the Racket Club, before coming in to Broadway to star at the Latin Quarter. Jonathan Winters starred there (it's one of his home towns). Sherry Britton, the glamourous strip-teaser, who also does serious acting, will star in summer theater there—in "On The Town" with Harold Lang July 21 and "Out of This World" with Gene Nelson July 28.

I would advise these people — since Ohios my home state—to go on down to Gallipolis, home town of the late O. O. McIntyre, if they want to see Gods country at its best. I was there recently, and those are the most hospitable folks Iv'e met. One warning: It's pronounced "Gallipoleece."

TV TATTLE:

ABCs talking to Peter Lind Hayes about doing his informal type show late at night—pitted against Jack Paar, who challenged him to a fight after Hayes satirized him . . . Patti McCormick brought a tutor (Mrs. Peggy Cobb) from Hollywood when she came in to do CBS' "Peck's Bad Girl." The tutor gets $160 a wk. and expenses.

Brigitte Bardot's producer Raoul Levy is serious about BB meeting Khrushchev in Moscow. She expects to go to the French Embassy's Bastille Day party which he customarily attends. Once there, how can he miss her? . . . Scott Weldon, Hoboken's shapely Kim Novak look-alike, who dieted to look more like her and made Page One, marries White Plains broker Irving Feifeles soon . . . Jerry Lewis' friends say many recent items about him are untrue. They suspect a "belittlin' " campaign; by mysterious enemies.

CRIBBED CORN:

The doctor was taken to the patient's room, but soon came down and asked for a screw driver. Five minutes later he was back and asked for a can opener. Soon after he returned and demanded a chisel and a hammer. The worried husband could stand the strain no longer.

"Please, Doc," he implored. "What is wrong with my wife?"

"Dont' know yet," snapped the doctor. "Can't get my bag open."

—Ham Park, Salt Lake Tribune.

MIKE CONNOLLY: Father Borrows Director

(This column is being written by Mike Connolly's staff during his two-week vacation)

HOLLYWOOD — Now that Darryl Zanuck's son Richard, has become a big-time producer with his FIRST movie . . . the block - busting sizzler, "Compulsion". . . Zanucks Sr. is going to have his movie, "Paris After Dark" guided by the director of "Compulsion," none other than Richard Fleisher. How's that for taking a page out of your son's book. Like son, like father, in reverse the old quote.

True Hollywood stories could make movies in themselves —to finish the story: a young unknown producer (Zanuck, Jr.) finds an unknown good director; they create a smash hit; the unknown director does a repeat for the father and makes him a top producer again. Complete story —full circle.

YOU'RE NEVER TOO Big Dept: Gary Crosby heard about all the lovely teenage gals that were being used on the set of "Blue Denim." So Gary didn't waste any time getting on the set to meet some of them. But he didn't stay long. Gary got bounced because he didn't have a visitor's pass! And to top it off, Gary is working on the same lot on the set next door.

Now look who's jumping Frank Sinatra's bandwagon! John Wayne admits he wants to do a movie with Frank and very sheepishly adds: "I've never even seen him perform in a night club."

GINA LOLLOBRIGIDA, the shapely figure queen of foreign movies, is going to be all covered up to her teeth in tailored suits for her movie with Frank Sinatra. But I'm sure Metro will find some excuse to exhibit "Lollo" in a bath (or something) for their movie: "Never So Few."

Look at the record closely and you'll see that none of the top female stars of ten years ago can get a job! Ouch!

Getting back to Fox: We're told that Bing Crosby thinks that Bob Wagner is a fair song and dance man in "Say One For Me" — and Fox is going to say just that in its ads when the movie comes out!

ONE THING FOR sure: There will be a repeat on Gene Kelly's terrific TV dancegarza. CBS still hasn't caught up with the mail so if you missed it the first time around, you'll be able to catch it next time. Gene, who directed "Flower Drum Song" on Broadway this season and now has his TV commitments under his belt, is all ready for his movie schedule again.

Just when everyone had thought the movies had forgotten how fine Louis Jourdan was in "Gigi," up comes Jerry Wald with a terrific part for Louis in "The Best of Everything." In fact, Jerry wants him so badly Louis can set his own terms! This is the movie that's going to bring back the glamour to Hollywood that she hasn't' remembered to use very often in the last five years.

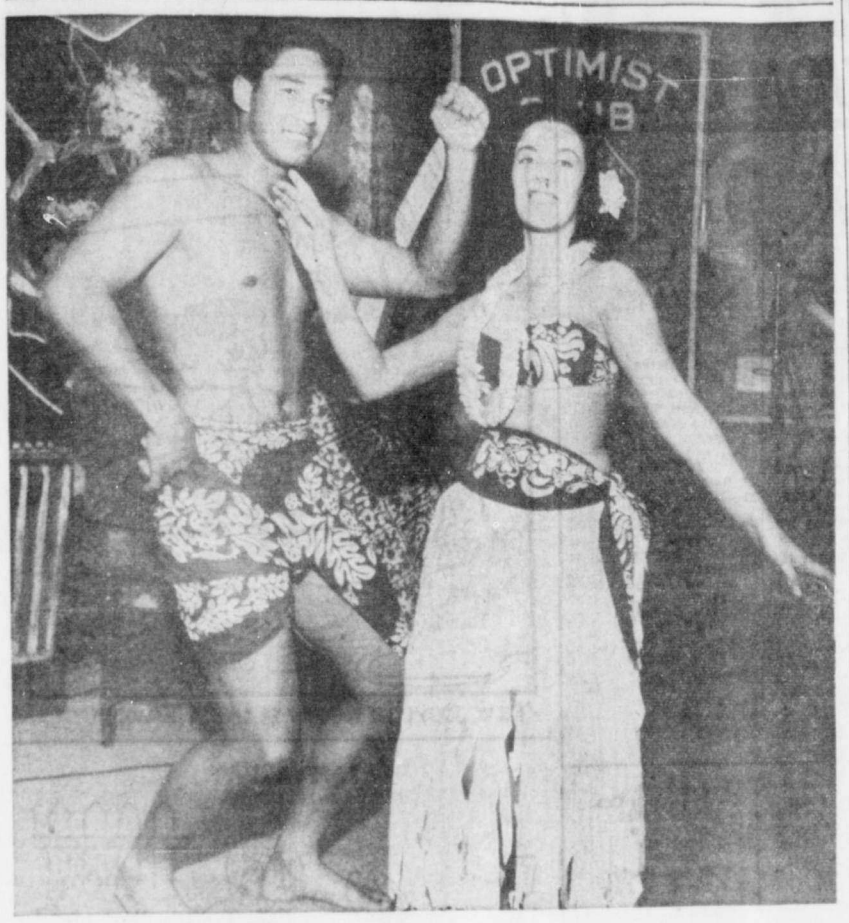
Everybody else is leaving Cuba these days but not Burl Ives. Burl left for his "Our Man in Havana" location with his Oscar tucked under his arm AND his chin whiskers unshaven after winning the bet he could convince his producer that they were necessary to his characterization. Everybody in Havana has a beard anyway-Right?

CHANNEL CHATTER — Don't underesimate Tom Tryon, TV's John Slaughter, if you haven't heard much about him lately. Tom is over in Hawaii for SEVEN color lavouts for the fan magazines. While there, Tom will also make a promotion film for Walt Disney.

One of the hottest new stars coming up on TV will be Gardner McKay who will star in 20th-Fox TV's "Adventures in Paradise" based on James Michener's "South Pacific" stories. Gard comes by his sailing naturally having raced with outriggers and sailed the schooner, Marapatche off Catalina Island.

BOB HOPE IS really taking his medic's advice. For awhile after his eye operation, it seemed Bob was doing anything but restin' and relaxin'. But those TV shows were pre-operation filmed shows and Bob is in Palm Springs right now taking it easy after finishing up with the Las Vegas Desert Inn golf tournament.

Robert Rockwell's little boy says a balanced diet is a bag of popcorn in each hand!



HAWAIIAN DANCERS headline the 1959 edition of the annual Palm Springs Optimist Club Luau, scheduled for May 9 at Deep Well Ranch. Fresh from their appearance on the Dinah Shore television show, these Island dancers are part of a luau ensemble designed to make this year's program the best Optimist Luau yet, according to club president Bill Zeck and Charles Valentino, incoming president and program chairman. Luau festivities feature such Islandic color as waterfall, flower-filled canoes, banks of ferns and orchids, ceremonial masks and similar paraphernalia arranged to convert the Deep Well pool into a "tropical paradise." Attendance is limited to 500 and the luau menu fatures seven authentic Hawaiian dishes prepared by the Island Catering Co. (Desert Sun Photo)

OPEN HOUSE SET AT 29 PALMS MARINE BASE

TWENTYNINE PALMS — Officers and men of "the world's largest Marine base" will flex their military muscles here May 16 in a public program commemorating Armed Forces Day.

Marines will stage a "Power for Peace" program featuring firing demonstrations, weapons displays, a parade and band concert and a jet fly-over, base officials said.

SOUTHERN CALIFORNIANS are invited to view the open-house program, scheduled to run from 9:30 a. m. to 4 p. m., May 16.

Marine crews plan to unlimber their big guns for a weapons demonstration from 10 a. m. to 11:30 a. m. The display includes a Terrier guided missile.

An hour-long concert will be offered by the Twentynine Palms Marine Base Band at the lower parade ground.

HEAVY WEAPONS will open for a firing demonstration at 2 p. m. This demonstration features 40mm and 75mm anti-aircraft guns and field artillery weapons.

A battalion-size parade, viewed by Brig. Gen. A. L. Bowser, base commander will conclude the day.

VOLLIE TRIPPS PLAN NEW SUMMER PROMOTION TOUR

The Traveling Tripps — Village trailerites Vollie and Hazel Tripp —are off on another resort promotion junket.

This year, the Tripps will represent the City of Palm Springs and two other desert communities in a cross-country tour that will take them from the Pacific Northwest to the Florida coast.

IT'S AN EXPANDED version of last year's junket, which had the Tripps traveling by trailer up the West Coast to "spread the word," via films and pamphlets, on the joys of desert living.

On their new tour, scheduled to start May 14, the Tripps will represent the City of Palm Springs, Cathedral City, Desert Hot Springs and the trailer park sponsors of the annual Palm Springs Trailer Rally.

They plan to fill their mobile home with colored slides on desert attractions, homes, shops, hotels and flowers, views of trailer parks and a synchronized tape narration.

"THEIR DESERT Living" program will be presented to trailer dwellers and home dwellers in cities ranging from the Northwest to Miami, Fla.

First stop on the Tripp tour is Pomona, where they'll attend the Travel Trailer Coach Association Round-Up.

From there, the route leads through Ventura to Oregon and Washington and then on to Boise, Idaho, Salt Lake City and Denver, Colo.

Ranging eastward, the Tripp trailer will move through Wichita, Kans., various southern states and, finally, Florida.

Next spring, the Tripps hope to carry their desert message to Europe.

What does this have to do with railroading?

Up till recently this service station did good business. But a new freeway has just been opened, and traffic on the old road has dwindled to a point where it can no longer support a modern, high-cost station. The oil company has closed it and opened one along the freeway.

Nobody said, "You can't shut down that station. A few people still go by there and you must keep it open for their convenience, even though you'll be losing a lot of money." Nobody questioned the right or good judgment or motives of the oil company.

But what happens when a railroad wants to adjust its service?

Travel habits have changed, and more and more people are going by automobile and air. As a result, some of our trains have been carrying very few passengers.

Naturally we've wanted to discontinue such trains or trim their schedules. But unlike most businesses, a railroad can't make such changes on its own. We have to *ask for permission.*

Our requests to make such changes have been widely publicized, and some people feel we want to get out of the passenger business. This isn't so, and we want you to know just what our passenger policy is.

1 We want to run passenger trains that you need and use. We welcome passenger business and we hope more people will ride our trains.

2 We want our passenger trains to be good trains. We think our passenger service is as good as any in the country . . . and we intend to keep it that way.

3 We feel, however, that it is sensible to limit our service to trains and schedules which many people need and use, and to discontinue those which few people use and which are obviously no longer needed.

Maurice Smith Wins City Net Title

Former Champion Repeats

Maurice Smith, several - time previous winner in City Tennis tournaments, repeated Sunday when he won the Men's Singles finals from Bill Hayes in a two-hour marathon match, 7-9, 6-2, 6-4.

He teamed with Alex Jablow to win the Men's Doubles trophy and was in the finals of the Mixed Doubles but lost.

Winners of the Mixed Doubles were Marge Jackson and Mort Ulman.

SMITH DEFEATED Don Williams in the semi-finals Saturday of the singles, 6-3, 6-4 and Hayes defeated Ulman, 6-3, 6-1.

Marge Jackson and Ulman got into the finals with a win over Grace Jablow and Roger Williams while Smith and Ann Douglas won in an upset from Hayes and Joanne Leonard in the other Mixed Doubles Bracket.

IN THE MEN'S doubles, Williams and Ulman defeated A. G. Kettman and Hayes in the biggest upset of the tourney 6-4, 12-10, in one bracket of the semi-finals and Smith and Jablow won by default from Eric Williams and Seamus Nunan in the other.

Nunan, coach of the championship Palm Springs High School Boys tennis team, was at Santa Ana for a CIF tournament and unable to play Saturday.

TROPHIES TO the winners were presented by Daniel J. Wagner, city manager.

Howard Haddock, recreation department superintendent, who was in charge of the details of the tournament expressed his appreciation to all who participated and who had a hand in making it a great success.

"I would especially like to thank Charles Farrell and the Racquet Club for making their excellent facilities available for the semi-finals and finals Saturday and Sunday," he said.

Saturday and Sunday's scores:

SEMI-FINALS

Men's Singles—Smith def. Williams, 6-3, 6-4; Hayes def. Ulman, 6-3, 6-1.

Mixed Doubles — Marge Jackson-Ulman def. Grace Jablow-Roger Williams, 6-1, 6-3; Smith-Ann Douglas def. Hayes-Joanne Leonard, 7-5, 6-2.

Men's Doubles—Don Williams-Ulman def. A. G. Kettmann-Hayes, 6-4, 12-10; Smith-Alex Jablow def. Eric Williams-Seamus Nunan, by default.

FINALS

Men's Singles — Smith def. Hayes, 9-7, 6-2, 6-4.

Mixed Doubles — Marge Jackson-Ulman def. Smith-Ann Douglas, 9-7, 6-4.

Men's Doubles — Jablow-Smith def. Don Williams-Ulman, 6-1, 7-5.

WINNERS AND runners-up in the 19th annual City Tennis tournament receive their trophies from City Manager Daniel J. Wagner at the Racquet Club Sunday. From left, Marge Jackson and Mort Ulman, mixed doubles winners. Ulman was runner-up in the men's doubles; Ann Douglas, runner-up with Maurice Smith in the mixed doubles; Smith, winner in the men's singles and men's doubles; City Manager Wagner; Bill Hayes, runner-up in the men's singles; Alex Jablow, winner, and Don Williams, runner-up in the men's doubles. Mortensen Says Long's Shot Put Mark to Stand

LOS ANGELES — (UPI) — Jess Mortensen, Southern California track coach, says he believes Dallas Long's record-breaking 63 foot, 7-inch shot put will be accepted as a new world mark.

The mark on Saturday has been questioned because Long made it on his seventh try. The NCAA accepts seven throws, but both the IAAF and AAU only allow six.

Mortensen cited at the Southern California Track Writers Association meeting Monday two cases where he said world records had been recognized even though they were made on the seventh try. He said both Sim Innes and Parry O'Brien were the men involved in the recognized cases.

O'Brien is the present holder of the recognized world shot put record with a mark of 63 feet, 2 inches.

Brennan Says He'll Never Coach Again

MILWAUKEE, Wis. — (UPI) — Former Notre Dame football coach Terry Brennan said today he likes being in the investment business and "afs msih to met,no I'll never coach again."

Morgan, Blakeley Win Pow Wow

Post Low Net Of 261 to Take Colorful Event

Ted Morgan and J. Blakeley shot a combined low net of 261 to win the Second Annual Pow Wow tournament at Indian Wells Country Club last weekend in the 54-hole three-day twosome play.

They were nine strokes ahead of the second pair, D. Holt and M. Reed who carded a 270.

The colorful tournament, featuring the Indian motif attracted 196 golfers who played in foursomes Friday to Sunday.

Daily prizes were awarded for best twosome and foursome play and a gala Indian Teepee party Saturday followed the closing event.

Scores of the leaders:

261—Ted Morgan-J. Blakeley.
270—D. Holt-M. Reed.
272—A. Beckman-C. Magner; George Beebe Jr.-Russell Wade.
275—J. Harstad-William Parker.
277—P. Jenkins-D. Tackeberry.
279—B. Sutton-H. Johnson; B. Fromm-S. Turner; K. Evans-E. Buckingham-C. Resnik-G. Townsend.

Hogan Believes He's Found Cure For Poor Putting

FORT WORTH, Tex. (UPI)—Bantam Ben Hogan, fresh from an 18-hole playoff victory over Fred Hawkins for his fifth Colonial National Invitation golf tournament title, thinks he has found the cure for "five miserable years" of putting.

That may be a warning to the rest of the golfing world that little Ben at last may achieve his one big goal at the age of 47 — that of becoming the only man to win five U. S. Open championships.

The Open will be played at Winged Foot Golf Club in Mamaroneck, N. Y., five weeks from now.

Hogan fired a one-under-par 33-36—69 in gale-like winds that hit 45 miles per hour in gusts to beat Hawkins by four strokes for the $5,000 top prize money.

Hogan, who once tired easily and had trouble making the four-day grind after his near-fatal auto accident in 1949, said he felt fine physically during the five-day stretch here

He said he planned to play in the Memphis, Tenn., Open three weeks from now in his only tournament tourney appearnce before the open.

All Star Golf Series Starts at Eldorado

An all-star lineup of golf champions from the United States and Canada teed-off today on the first round of a "television tournament" across two country club fairways.

Playing for a gallery of sports writers and television cameramen and production crews, the golfers are starring in "All-Star TV Golf," a weekly video program beamed from coast-to-coast.

Headquartered at the Firecliff Lodge here, the program production men and their entourage of newsmen will cover golf courses at Bermuda Dunes and Eldorado Country Club through Friday.

THE TELEVISION tourney opened at Eldorado today with Sammy Snead pitted against Canadian Gary Player in the first round.

Tomorrow, the winner of today's round faces Billy Casper at Bermuda Dunes. Continuing the round-robin Thursday, the winner of the Wednesday match meets Ed "Porky" Oliver at Eldorado.

The winner of this fairway duel meets Al Balding at Bermuda Dunes for the final match Friday.

HEADING THIS desert golfing safari are Peter De Met, program producer, Director Sid Golt, accompanied by their wives; Jimmy Demaret, sportcaster for the TV series, and tournament director Ray O' Brien and Mrs. O'Brien.

Sports writers on hand are Sid James and Keith Morris, of Sports Illustrated; Hal Wood, of United Press International; Hal Humphrey, Stan Woods and Pat Ray, of the Mirror-News Syndicate, according to Firecliff Manager Chink Coleman.

Representatives of the program sponsors, Miller's High Life Beer and Reynolds Metals, are also members of the party. The group is scheduled to leave here Saturday.

Jordan Signed to Meet Dibiase June 8

NEW YORK (UPI) — Lanky Eddie Jordan, Brooklyn welterweight who stretched his unbeaten string to 20 bouts Monday night, was matched today for a 10-rounder with Tony Dibiase of Astoria, N. Y., at St. Nicholas Arena June 8.

Jordan, 145½, beat stocky Billy Flamio, 150, of New York at St. Nick's in a split 10-round decision.

Sugar Ray Says He'll Go Abroad For Ring Battles

NEW YORK (UPI) — Sugar Ray Robinson, dethroned as middleweight champion by the National Boxing Association and threatened by the New York State Athletic Commission, may seek sanctuary in Europe.

"I've been offered a big guarantee by promoter Fritz Gretschell of Berlin to defend my title against Gustav Scholz if I'm forced out of my own country," said Sugar Ray today.

Scholz, of Germany, is the fourth-ranking contender, but he has been rejected as challenger by both the NBA and the New York commission. Each organization insisted that 39-year-old Robinson defend against former champion Carmen Basilio of Chittenango, N. Y.

The NBA vacated Robinson's 160-pound championship Monday because of his excessive delay in signing for a defense against Basilio. And the independent New York commission probably will follow suit if he fails to sign by May 15 for a Basilio match.

Meanwhile, promoter Norman Rothschild of Syracuse, N.Y., announced he had signed Basilio and Fullmer to fight for the vacant crown at Syracuse "in the summer or fall." He can not get commission approval of the match until after May 15.

Robinson hasn't fought since he recaptured the 160-pound crown from Basilio on March 25, 1953.

Despite his apparently desperate plight, Robinson declared Monday night, "For a Basilio defense, I'm raising my demand for a guarantee from $750,000 to $1,000,000."

Pietro's Stars Lead Volleyball League

Prieto's Stars were atop the City Volleyball League today while taking a pair from the Tigers, 15-8 and 15-6 last night. Aldo's and Regals split, 15-9, 11-15.

Standings today: Prieto's, 18-4; Tigers, 18-6; Hayes, 9-11; Regals, 6-16; Aldo's 5-17.

Seven-Run Rally In Tenth Wins For Downey 11-4

A visiting team of Downey All-Stars ended a 4-4 deadlock with a seven-run outburst in the first half of the tenth inning here Sunday and defeated the Coachella Valley Savings and Loan Association All-Stars, 11-4.

It was the first defeat for the locals in Southern California Semi-Pro League play and gave the CVSL nine a 1-1 mark for the young season.

THE SEVEN-RUN rally drove starting CVSL hurler Max Milton from the mound and J. McDonald had his difficulties with the visitors before finally putting out the fire.

Up to the tenth, the Village squad did a masterful job of containing the hard - hitting Downey team. Regarded by many as one of the finest semi-pro teams in the Southland, the Downey batters had their seven hits scattered well enough by Milton as to produce only four runs. Meanwhile, the CVSL batsmen were making only five hits do the same run-making job.

DOWNEY'S TENTH inning was a nightmare for both Milton and McDonald. Six hits, a walk and two errors contributed to the run-making surge.

Big hitting by the CVSL team was done by J. Lozzano, who netted three for five, and by T. Brown, who drew two for three.

Four of the visitors — Moon, Dawson, Holmes and Rybole—got two hits each.

Line score:

Downey All-Stars 000 101 110 7—11 13 2
Coachella Valley 000 102 010 0— 4 6 5

Olmedo Advances in Southland Tourney

LOS ANGELES (UPI) — Alex Olmedo, Davis Cup tennis star, advanced into the fourth round of the men's singles today in the 73rd annual Southern California Sectional Tennis Championships.

The University of Southern California student easily downed Ronny Pelton of the University of Redlands, 6-3, 6-4, Monday in a third-round match.

FIGHT RESULTS

NEW YORK — Eddie Jordan, 140½, Brooklyn, outpointed Billy Flamio, 150, New York (10).

CHICAGO — Jerry Jordan, 146, Chicago, outpointed Bobby Brooks, 146½, Chicago (8).

PHILADELPHIA—Vic Diamond, 137½, Philadelphia, outpointed Clarence Ford, 133½, Philadelphia (6).

There is no scientific foundation for the belief that buoyancy increases with the depth of the water. It is just as easy to swim in water ten feet as a hundred feet deep.

Why Does "LB." Stand For "Pound?"

Considering that pound does not contain either l or b it is strange to some people why lb. should be the symbol for pound. The Latin word Libra means pound and it was from this that the lb. originated.

TOMY LEE TO SKIP TRIPLE CROWN, TOO TIRED FROM DERBY

LOUISVILLE, Ky. (UPI) — Kentucky Derby winner Tomy Lee turned his back on racing's Triple Crown today, leaving the others to fight it out in the Preakness and the Belmont.

The little English - bred colt was taken out of contention for the $150,000 Preakness Monday after trainer Frank Childs and owner Fred Turner Jr., Midland, Tex., decided he would not be ready for the May 16 classic.

An admittedly disappointed Childs said, "Tomy Lee needs rest," explaining that the hard stretch battle with Sword Dancer in the Derby "took a lot out of him."

Tribe, Banning Tangle Today At Polo Grounds

Coach George School's Indians host Banning High here this afternoon at 4:30 p.m. intent on holding their lead in the Riverside County League baseball campaign as the eight teams neared the stretch run.

The Indians are setting the pace and are one game ahead of San Jacinto High with four games to go.

San Jacinto meets Coachella Valley's Arabs, two games behind with a 6-4 record.

"WE CAN'T AFFORD to relax," said Scholl, "although Banning hasn't won a game in the league race to date, standing 0-10 to our 8-2, it's just that kind of situation where an upset is spawned."

In the first round, playing at Banning, the Tribe won 4 to 2 from the Broncs.

After Banning, down the home stretch, comes Hemet, here Friday, Perris here next Tuesday and Beaumont at Beaumont in the final there May 15.

HEMET UPSET the Indians at Hemet in the first round, 10 to 1. Outside of San Jacinto, it was the only loss suffered by the Tribe.

Yank's Plight Brings Joy to AL Managers

Puny Hitting Drops Stengel's Club to Lowly 7th Place

By JOHN GRIFFIN
United Press International

The world champion New York Yankees have collapsed because they aren't hitting, and the rest of the American League is enjoying the fun while it lasts.

Those were the conclusions drawn today from a poll by United Press International among managers and genral managers of other AL teams about the woes of the Yankees, who have lost nine of their last 10 games and are seventh in the league, lower than they have been at this stage of the pennant race in the last 19 years.

SOME FOLKS THINK the Yankee hitters are just "in a slump."

But General Manager Frank Lane of the league-leading Cleveland Indians, who admits gleefully, "I'm enjoying their trouble," isn't so sure the Yankees' trouble is temporary.

"Maybe some of those players George Weiss and Casey Stengel thought were so wonderful aren't so good," said Lane. "Weiss thinks everybody who puts on a Yankee uniform immediately is worth $100,000."

ALMOST EVERY MANAGER and club official UPI talked to pointed at once to the Yankees' puny batting as the reason for their tumble. The figures are damning: only 2.5 runs scored per game during the current slump, only three home runs from home run champion Mickey Mantle, a team total of four home runs less than the total for the supposedly weak Washington Snators.

Remember those "big innings" the Yankees made famous? They haven't scored more than two runs in any of their last 110 innings.

United Fund Shares in Club's 'Charity Days'

The bang-tails came to the aid of Palm Springs' badly - lagging United Fund campaign here today.

Officials at Fund headquarters reported the Santa Anita Turf Club's "Charity Days" program had filed a check for $552.45 with the local offices.

Fund officials, tickled by the unexpected gift, were still apprehensive about the Village campaign. The total has not yet reached 60 per cent of the nearly $100,000 being sought for operation of local and national charity groups in the community this year.

The Fund also noted, however, that a $190.37 contribution from Palm Springs Kiwanis Club—raised in an auction held during the club's luncheon last week — had helped. The officials advised that similar programs by other organizations would be appreciated.

The song "Aloha Oe" was written by Hawaii's last monarch, Queen Liliuokalani, whose regime was overthrown in 1893.

Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Our son never gave his father or me one moment's trouble. He was an honor student, got an award for outstanding Scouting, carried a paper route (won a cash prize for being tops in that, too) and is assistant to the Sunday school teacher. He is four months short of being the age of consent and, Abby, he came to me and said he got a girl in trouble. She is the girl he's gone steady with for a year, and I was shocked, but I told him I would help them get married as soon as possible I want to save her reputation, and besides, these kids are very much in love. His father is trying to stand in the way and refuses to sign for them (the girl is under age, too.) She is a good girl from a good family of our faith but I can't deal with my stubborn husband. He says the boy is too young to accept the responsibility. Can you say something to help? A MOTHER

DEAR MOTHER: Ask your clergyman to talk with your husband. From your letter, these young people have every chance of making a successful marriage. If the clergyman can't get the moral message to your stubborn husband, a lawyer (in view of the fact that the girl is under age) can spell out what "responsibility" means in the eyes of the law.

DEAR ABBY: I am a 16-year-old girl who baby sits to earn extra money. I would like to know what everybody has against a girl having her boyfriend keep her company when she baby sits? I would never do it without permission, but I notice more and more mothers tell me right away that I can't have my boyfriend visit me. Don't they trust me? Please print your answer because many of my friends want to know, too.

BORED SITTER

DEAR BORED: Baby sitters should regard baby-sitting as a paid job and not a place to entertain their friends. A baby sitter who cannot get along for a few hours without her boyfriend at her elbow is not fit to have children in her care. A child could awaken any time, and deserves the "sitter's" undistracted attention.

DEAR ABBY: My husband is a Junior executive with a well-known National Company. He travels for them and I sometimes go with him. When the hotels put fruit and flowers in my room with the manager's card, I always drop a little "thank you" note when I return home. My more sophisticated friends say this is very "country girlish" of me. I want to do the right thing and would like your opinion.

COUNTRY GIRL

DEAR COUNTRY GIRL: When in doubt—say "Thank you." No gift (even if it's obviously a "gesture") should be ignored.

---

it? J. AND R.

DEAR ABBY: There is a boy and gal around our way who are really mad about each other. The problem is that they will not admit it. They make a darling couple and everyone thinks they belong together. We are their best friends and it is up to us to get them together. How should we go about it? J. AND R.

DEAR J. AND R.: Don't try to cook up a romance between two people who have no interest in each other just because they make a "darling" couple. If they are really "mad" about each other, they will be the first to know.

DO your parents trust you? Get ABBY's booklet, "What Every Teenager Wants to Know." Send 25 cents and a large, self-addressed stamped envelope to ABBY in care of this newspaper.

Seven Sandpiper Sales Reported In Single Day

PALM DESERT — Seven apartment homes sold in one afternoon. That's the new record at Sandpiper Own - Your-Own garden apartments where sales to the rush for occupancy turned in a total of $147,000 worth of sales last Sunday.

Enders attributed most of the sales to the ruch for occupancy in the several remaining completed apartments. "Those who know the desert realize that there are still some wonderful days ahead and we have just a few cottages ready for immediate move in," the sales manager explained.

THE PAST RECORD Sunday at the Palm Desert location was three apartments in February. The new sales came from as far away as Wilmington, Del., and as nearby as Los Angeles and Orange Counties.

Price for the attractive own-your-own units is $21,000 including full refrigeration, medallion electric kitchen, private sun patio and with each apartment situated around pool and barbeque area.

ENDERS, ALONG with the record sales afternoon, revealed that foundations would be started in a few days in the third Sandpiper unit where grading has already been completed.

The Sandpiper is located at Palms to Pines Highway, Palm Desert.

ISRAEL'S PREMIER David Ben-Gurion talks with a delegation from Ghana during the recent First Worlds Farmers Convention held in Jerusalem. Desert clime of Ghana somewhat resembles that of Israel and the native delegation has been able to gain information on creating better productivity in their land from the convention lectures. Ben-Gurion addressed the meeting on its first day and took an even more active part in the program by accompanying field tours into Israel's "problem" areas. (W. Braun Photo)

STEINBERG FINDS GREAT SIMILARITY BETWEEN ISRAEL, DESERT REGION

(EDITOR'S NOTE: This is the last of a series of articles by Villager Lionel Steinberg, who recently returned from the First World Farmers Convention in Israel. Steinberg, a grape rancher with holdings in Coachella and San Joaquin Valleys, was the official delegate of California Governor Edmund Brown and U. S. Senator Clair Engle at the meeting.)

By LIONEL STEINBERG

JERUSALEM — Everywhere I have gone here I have been reminded of California.

The semi-tropical Jordan and Beisan Valleys are comparable to the San Joaquin Valley, even to the crops raised. (Potatoes, sugar beets, onions, cotton and tomatos are principal crops in both places.)

AT HAIFA, A great seaport rises that is strikingly like our San Francisco.

The northern strip of the Negev Desert looks greatly like portions of Kern and Riverside Counties prior to full irrigation.

The weather is so similar as to almost preclude homesickness for Californians visiting here. The cool hills of Galilee are contrasted with the parched heat of the barren Negev.

ONE MAJOR accomplishment of this First World Farmers Convention that will be discussed and evaluated for years to come is the contribution of Dr. Walter Clay Lowdermilk, the eminent soil conservationist of the University of California, who has helped to map a water plan for the Negev Desert.

Israeli engineers, working under Dr. Lowdermilk's scrutiny and direction, are now programming action to:

—Harness the power of the River Jordan, which drops from a height of 220 feet in the northern Hulch Valley to 1,300 feet below sea level at the Dead Sea, an Israel counterpart of our own Salton Sea.

—Irrigate the Negev with part of the Jordan's waters.

THE DUAL GOOD, hydroelectric power and irrigating waters, would literally bring the Negev to life and make thousands of dry desert acres productive.

The Lowdermilk Plan, as it has come to be known, is regarded by many attending the convention here as the final measure that will bring Israel into fully self-sufficient status.

The nation now supports itself to the exent of about 80 per cent of its needs.

ISRAELIS THEMSELVES are not waiting for the Lowdermilk Plan to be realized. They are going their way now, working the land that is arrable, but eyeing the barren Negev anxiously.

They know that if Israel is to prosper, the Lowdermilk Plan — which would create in the Negev approximately what California farmers have in the San Joaquin by virtue of diverted Colorado River water)—must be pressed into action.

It is unusual — but fitting — that this land that so much resembles California should stand on the edge of a momentous realization through the efforts of a Californian. The Israelis are confident that the Lowdermilk Plan will release a new prosperity for their young nation.

BSA National President to Be Speaker May 6

The national president of the Boy Scouts of America — prominent San Francisco businessman Kenneth K. Bechtel — will be featured speaker when the first major organizational meeting of the Boy Scout Camp Development Fund campaign is held Wednesday in Riverside.

Bechtel will speak at 7 p. m., May 6, in the Mission Inn.

THE MEETING, an organizational program keyed to the forthcoming $197,000 appeal for scout camp development, will be preceded by a 5 p. m. reception.

Approximately 200 Riverside County business and civic leaders are expected to mass for the "dutch treat" dinner, according to Robert "Bob" Walter, chairman of the campaign's executive committee.

"No solicitations will be made at this meeting," Walter declared. "This is an organizational meeting only."

WALTER SAID that Bechtel had been sought for the meeting because of the "urgency of the need facing the Boy Scout movement in Riverside County."

MORE CARS JAM HIGHWAYS

California's acute problems in improving highway safety records are emphasized in a summary of the State's 1958 motor vehicle registrations reported by Motor Vehicles Director Robert McCarthy.

"The 1958 total of vehicles registered in the last full calendar year marks a new high of nearly seven and three-quarter millions of autos, trucks, trailers and cycles licensed by DMV," McCarthy said. "This is an increase of nearly a third of a million vehicles over the 1957 total."

THE FIGURES IN the two-year comparison by McCarthy are 7,724,448 for 1958; 7,491,844 for 1957; an increase of 232,604, or three per cent in the year. Of the 1958 total, 7,626,989 were privately owned vehicles for which fees were paid in these classifications: Autos, 6,043,483; trucks, 876,336; trailers, 646,399; motorcycles, 60,771. The comparable groups in 1957 were: autos, 5,895,909; trucks, 849,964; trailers, 599,231; and motorcycles, 57,400.

State, local government, district and public service vehicles, all entitled to fee-exempt plates, numbered 97,459 in 1958, and 89,340 in 1957.

MCCARTHY SAID the number of drivers licenses outstanding in the State as of Dec. 31 is shown by department files to be 7,505,909. "One of our continuing programs is to purge expired and inactive drivers' licenses from our files," the Motor Vehicles Chief said.

"The State is conspicuous for the fact that our records show a larger total of motor vehicles registered for operation than the total of licensed drivers. This is in part due to the large number of families which operate two or more vehicles.

"THIS MARGIN may not be so great as it appears, however, since a considerable number of drivers here do not hold California licenses. In the case of visitors properly licensed in other states, this is within the law. But California residents who drive without licenses or with expired licenses are in violation of the law.

"The Department of Motor Vehicles is currently cooperating with other law enforcement agencies in citing motorists who violate these laws. An acute problem is presented by persons who are guilty of driving at any time while their licenses are under suspension or revocation. The courts have been imposing severe sentences on violators found guilty of this very serious offense."

Traffic Control Project Given Praise by CofC

A program of police officer control on Palm Canyon Drive crosswalks during the peak of the season has brought forth a commendation from the Chamber of Commerce board of directors.

Police Chief August Kettmann was presented with a tribute, requested by the Retail Merchants Association, lauding the control exercised on the main street.

The RMA also asked that the 1959-60 fiscal budget be augmented to establish funds for continuance of the project.

The program was in force from Feb. 21 through the conclusion of the Easter Week influx here.

Youth Marks Ninth Birthday

CATHEDRAL CITY — The ninth birthday of Kirk Thill was celebrated at his home on Anna Drive Thursday and joining in the festivities and in singing "Happy Birthday" were his pals from Cub Scout Den 1.

The Cub Scout colors of blue and gold were carried out in the cleverly decorated cake that was served with ice cream and punch.

Among the guests were Den Mother Mrs. Thomas Patterson and her young son, Randy, and Cubs John Addessi, Bradley Allen, Jerry Frost, Gregg and Ronnie Hall, Richard Wood and Perry Jacobs.

Wal to Open New Service Hearing May 6

Western Airlines officials will open hearings tomorrow on three proposals for "improvement in air service" to Pacific Coast areas.

Proposals for additional service, including a direct Palm Springs-San Francisco flight, will be aired before the Civil Aeronautics Board in Washington, D.C.

THIS CAB CASE opened with public hearings in Long Beach April 10, company officials said.

The hearing is designed to "provide a comprehensive examination of air service needs of an area bounded by San Francisco, Sacramento and Reno on the north; Reno, Las Vegas and Palm Springs on the east, San Diego on the south and the Pacific Coast on the west.

Service improvements proposed by Western include:

DIRECT SERVICE with jet-powered Lockheed Electras and Douglas DC6-Bs between Los Angeles, Sacramento and Reno.

—Direct flights between San Francisco/Oakland and Las Vegas, which also would provide, for the first time, one-carrier service between the Nevada resort city and Portland and Seattle.

—Permission to overfly Los Angeles to provide San Diego-Long Beach-San Francisco flights and Palm Springs-Ontario-San Francisco scheduled.

John W. Simpson, WAL's director of law and CAB route specialist, is presenting Western's proposals to CAB Examiner William F. Gusick.

Hazel Smith Services Held This Morning

Funeral services were conducted here today for Hazel R. Smith, 55, who died April 28 at her home, 32-289 Sky Blue Waters Trail.

A native of Canada, she was a Palm Springs resident for two years and leaves one brother, Ernest Welch, of Canada, and two sisters, Kathleen Wohlhepp, of San Francisco, and Olive Stuart, of Canada.

Funeral services were conducted at Wiefels and Son Chapel by Rev. James Barnhill, of St. Paul's in the Desert Episcopal Church. Interment followed at Desert Memorial Park.

Ursula Bunker Succumbs May 2

CATHEDRAL CITY — Mrs. Ursula Bunker died Saturday following a lengthy illness.

Mrs. Bunker, a Cathedral City resident for more than 20 years, is survived by her husband, Walter, of Cathedral City, and a nephew, Harold Brown, of Idyllwild. Wiefels and Son Mortuary is in charge of arrangements.

DAKAR, FAMILIAR 'CITIZEN' AROUND PD, SUCCUMBS

PALM DESERT — This desert community lost one of its most familiar "citizens" when Dakar, Cliff Henderson's great dane, died Sunday night.

Henderson, pioneer Palm Desert developer, said the 11-year-old dane was hospitalized Saturday. The hefty canine was for many years a familiar figure around the community and Henderson's Firecliff Lodge.

WHILE WINTER TRAVEL in San Jacinto Mountains is strenuous it pays off in spectacular sights and thrills. After fresh snowfall landscape is winter wonderland. No trip should be taken, however, without warm clothing, extra food and knowledge of area. (Ernest Maxwell Photo)

From Page 1, MORE ABOUT—

SAN JACINTO 'WONDERLAND'

is particularly true on southern exposures which get sun during the day and are subjected to below-freezing temperatures at night.

One trip to Round Valley in February showed about 20 inches at Tahquitz, whereas moving cross-country to the 9,100-foot high valley in the Mt. San Jacinto State Park we carried our snowshoes on our backs as we trudged over bare earth.

NORMALLY WE used snowshoes rather than skis. For one reason, there was seldom anyone along who knew much about skiing in such rough terrain, and secondly, shoes are safer.

Few people realize how steep slopes are in the San Jacinto Mountains, but the winter hiker discoverers this feature quickly from a spill that may wind up in a long glide to the bottom of a gully or against a tree.

Particularly treacherous is the razor-sharp ridge from Tahquitz Peak to Chinquapin Flat where thin layers of snow often cover a solid sheet of ice. Once, Ralph Accardi of the Forest Service slipped on this slope and I watched helplessly as he rolled 100 yards.

ACCARDI PROBABLY owed his life to the fact that he had his snowshoes strapped to his pack, and as he rolled over they served as a kind of brake.

The best natural ski bowl in the entire range as far as I know is in the vicinity of Chinquapin Flat. The only difficulty is the ice which makes it possible to zip down the slope on snowshoes.

Another hazard that must be reckoned with are objects hidden by deep snow. They may be rocks or shrubs.

In walking over a large boulder only a slight mound may show on the surface, but because snow melts near granite a pocket is created below.

CONSIDERABLE EFFORT is required to climb out of one of these holes and the experience serves as a powerful warning to stay close to a companion.

Twice during my treks I became lost. Both were during storms when low clouds blotted out landmarks.

Tramping over the snow it is almost impossible to maintain a sense of direction or recognize the terrain if the overcast sits in the tops of trees.

Near Round Vallety where lodgepole pines are rather evenly spaced it is difficult to pick up the trail if the snow is more than three feet deep.

WHERE THE vegetation is denser the direction of the trail can be noted by watching for trimmed trees and other signs of clearing.

Because much of the wild area area slopes toward the desert it is easier to drift in that direction when off-course or lost.

Consequently, when hikers become lost during the snow season they often wind up in one of the steep canyons on the north and east escarpments, noted throughout the country for their sheer character.

BECAUSE OF the geography much of the water runs toward the desert during the spring and summer months.

During the past ten years some of us helped the Department of Fish and Game plant trout fingerlings in the high country, but the results were discouraging. Summer flash floods filled pools with sand and destroyed most of the fish.

While the wilderness may seem devoid of life, tracks indicate that coyotes, bobcats, chipmunks, squirrels and birds manage to get about. Once two of us picked up the tracks of a mountain lion near Willow Creek where we planted beavers in 1949.

WINTER TIME in the San Jacinto mountains is strenuous and hazardous, but the rewards are great.

There is something exciting about crossing stretches of clean unmarked snow and listening to the tinkle of rime as it falls from needles in the morning sunshine.

Squatting on your snowshoes as you sip a hot cup of tea you survey the quiet winter wonderland and wonder how all this is possible in a land of orange blossoms and cactus blooms.

Drive Started to Replace Swanner's Seeing-Eye Dog

Pilot, the seeing-eye dog, won't be around to lead his master anymore—but two Village organizations are doing their best to help Tom Swanner replace his old friend.

Pilot, you see, was found dead this weekend—the victim of a rattlesnake's fangs.

Now, the Palm Springs Animal Protective League, Inc., and the Disabled American Veterans are spearheading a fund drive to pay Swanner's expenses while he undergoes training with a new seeing-eye dog.

SWANNER, A BLIND war veteran, operates the post office news stand and Pilot, a husky Germany shepherd, was a familiar canine figure to post office patrons.

But Pilot disappeared from Swanner's home, 30-968 San Joaquin Drive last Wednesday. He was found by the airport fence, about four days after he received a fatal snake bite on the face, said Dr. Herman Salk, local veterenarian.

Swanner is now on his way to the guide dog training institute at San Raphael, Calif., to secure a new dog.

THE SEEING-EYE canine is provided without cost, but Swanner must stand his own expenses while he goes through a lengthy training session with his new friend.

So, the Disabled American Veterans came up with a $25 donation to pay Swanner's travel costs and the Animal League added another $50 and started a drive for additionalf unds.

Anyone wishing to help defray Swanner's expenses while he secures his dog may send contributions in care of the Palm Springs Animal Protective League, Post Office Box 749.

League officials said any funds left over will be sent to the guide dog organization, a non-profit institution.

Executive Board Meets With Members-Elect

CATHEDRAL CITY—The members of the executive board of Sigma Gamma Chapter of Beta Sigma Phi Sorority met jointly with the members-elect for the final meeting of the season at the Rainbow Room in Cathedral City.

Following dinner, President Amelia Irvine led the discussions of the various items on the agenda, the Pledge Ritual ceremony for new members, the Founders Day celebration, the Mother's Day Tea, honoring a mother of the year and the installation of officers.

Others in attendance were Marie Ford, Eleanor Noyes, Loleta Waller, Millie Herbert and Betty Lacy.

Privately-financed chemical production facilities costing a record total of $1,775,000,000 were completed in the U. S. during 1958, according to the Manufacturing Chemists' Association.

This small world gets bigger every year

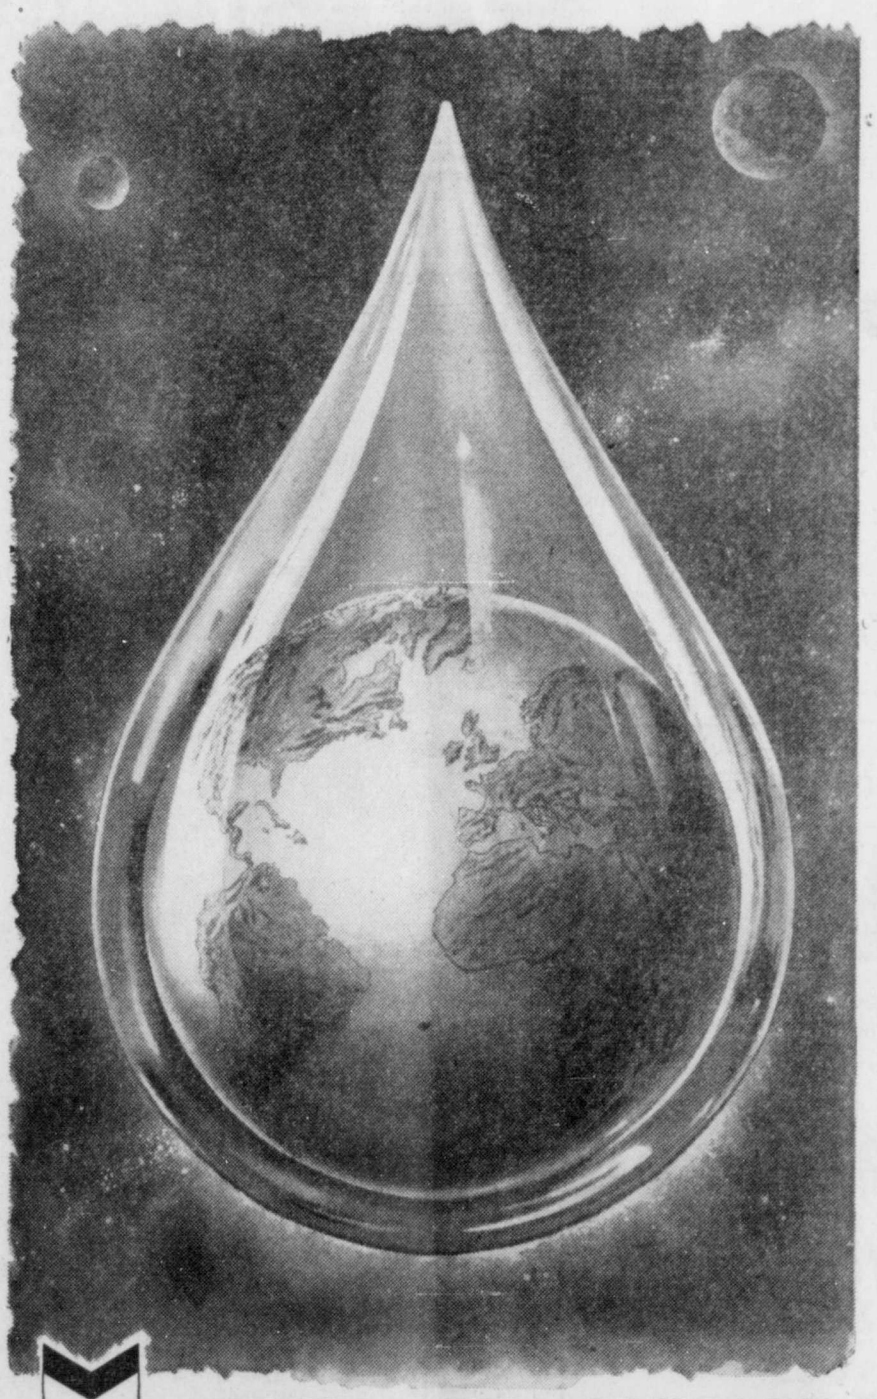
The exciting world within a drop of oil keeps growing as we make discoveries that bring new and better products into *your* world.

Even now, these products enter every hour of your day — from automotive fuels and lubricants to synthetic fibers for blankets you sleep under at night and clothes you wear during the day.

Wax containers that preserve food; plastics, paints, photographic film, detergents, medicines, synthetic rubber and thousands of other items for farms, homes, industry and the Armed Forces now are made better because of oil ingredients which Standard supplies to manufacturers.

But there's more in oil's future — much more. And so last year, as every year, one of our biggest jobs was finding ways to make oil serve you better — using research to create new and improved products, and building facilities to put these products to work.

Here are some of the things we did during 1958 to expand the world within a drop of oil:



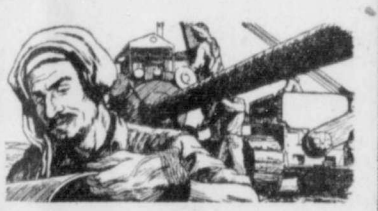
To help meet your growing demand for petroleum products, we invested $235 million for exploration and development in 21 states of the U.S. and 12 other Western Hemisphere countries.

Our research and technical service staff has grown to 1400 people. Today we make more than 1000 products not sold 15 years ago. During that time our research budget more than tripled.

Producing and distributing products takes continuing investments in new refinery equipment, pipelines, tankers, trucks and trailers. Last year, $108 million went into these new facilities.

Our 38,395 employees were paid $281 million in wages and benefits. Standard's 152,754 stockholders received nearly 4¢ for each dollar of the market value of stockholdings.

Standard was one of the largest customers in the West. Our purchases included 50,000 items . . . helped provide jobs and payrolls for more than 10,000 firms in hundreds of Western communities.



Through affiliates, we helped advance progress in more than 70 free Eastern Hemisphere countries. Oil development helps provide jobs; supplies funds for education, health and housing.

MOTHER OF THE YEAR title, awarded each year in Palm Springs by Sigma Gamma Chapter of Beta Sima Phi, this year went to Mrs. Stephen Smith. Here Mrs. Smith receives a bouquet of yellow roses from sorority president Mrs. Robert Irvine. (Desert Sun Photo)

Mrs. Stephen Smith Selected Sorority's Mother of The Year

Mother of The Year, 1959, is the inscription on the gold, rose-shaped pin presented to Mrs. Stephen (Pauline) Smith Sunday afternoon at the fourth annual Beta Sigma Phi Mother's Day Tea.

Along with the pin, Mrs. Smith was given an arm spray of yellow roses, the Beta Sigma Phi flower.

Mrs. Smith, who is well known in this area for her deep interest in her church and in children, was chosen by the Sigma Gamma chapter to be honored this year. She was introduced to the sorority members and their guests by president Amelia Irvine, who gave a summary of Mrs. Smith's many activities and contributions to the community.

Mrs. Smith has resided in Palm Springs for 17 years, and has two living daughters and one grandson. She has been superintendent of the primary department of the Community Church Sunday School in recent years, and was previously a teacher in that department. Children's Church at 11 a.m. each Sunday keeps her busy thinking of new activities and interests for the children who come every Sunday to attend this special service. Almost every week, Mrs. Smith has Sunday School children in to her home for dinner, in addition to a weekly afternoon Bible Study club for all interested children.

Vacation Bible School which lasts two weeks each summer has her planning weeks in advance and preparing the hundreds of items needed to complete the program for her Primary department of 100 childresn.

Easter is eagerly looked forward to by over 100 children in Palm Springs who have gone to Smith home each year for the past eight years to take part in the big egg hunt which the Smiths provide. Easter vacation time also finds their home full of children of working mothers who are unable to be at home with their children during this time.

Along with all these activities, Mrs. Smith finds time to attend teacher training classes each week, travel all over this county or wherever she feels necessary to find equipment and supplies for the Sunday School, and take her family and friends on outings.

Mrs. Smith was greeted around the tea table in the beautiful gardens at the home of Millie Herbert, where guests were served tea with petit fours, finger sandwiches, and cookies.

The lovely summer hats and dresses worn by the guests added to the charm of the highlight of the Beta Sigma Phis social season.

Donivee Ellison On Linkletter Show

By HILDY CRAWFORD

On May 13 at 10:30 a.m. a curly-headed, big-eyed Palm Springs High School Senior, Donivee Ellison, will appear on Art Linkletter's TV program, and if anyone loses their composure it will be Art, who makes a profession of appearing before movie, television and press cameras . . . for Donnie is a little pro.

It all goes back as far as 1942 when a curly-haired, big-eyed Donivee, 18 months old, went on the road with her traveling salesman father big Jack Ellison. The little girl spent a lot of time in hotel lobbys and made friends with people from all over the country. The little curlyhead had a remarkable memory so that at three she "learned by heart" books that had been read to her and pretended to read them.

The orator came out in her the day she tired of holding a book and pretending to read . . . and just told the story to an interested group of lobby listeners. The books she studied were Bible stories and from them came her steady faith in the goodness of things and people.

Since that day she has addressed service clubs, civic groups, church organizations and school audiences in 26 states.

When she was five, she yearned to own a ukelele and was promised one if she would memorize the Gettysburg Address. She did, with the assistance of their negro maid Carrie Washington; delivered it on a school program; and really began her career as a speaker.

"Four score and seven years ago" . . . seven-year-old Donivee recited the famous speech in front of a Lions Club . . . reciting also several poems, including one in negro dialect. As she grew oledr she became interested in politics and government and went speaking tours and attended political rallies.

The little Taxan (she was born in Borger) came to California and was bitten by the acting bug. When she was a poised 10 she appeared as "Titania" in "The Midsummer Night's Dream" at the Redlands Bowl. That same year she did something most adults would be nervous about . . . she spoke before 6,000 people gathered in the Los Angeles Shrine Auditorium for a Brotherhood Week program.

She addressed service clubs, appearing on program after program; competed in Lions Club Speakers Contests (she won, of course). Her interest in politics inspired her to office and she was vice president o fthe Student Body last year. Palm Springs Elks included her in their annual Youth Awards last May. She was assisant editor of the Yeark Book and lead in the senior play . . . and even a Pom Pon Girl.

She found out she could write, too, and was assistant editor of the school newspaper back in Junior High days. When President Eisenhower visited Palm Springs, accompanied by most of the nation' top newsmen, she met pesrsidential secretary James Hagerty and received an honorary membership in the White House Press so that she attended one of the President's Press conferences.

Becoming increasingly interested in government and in the field of jouralism, Donivee continued her work with the newspaper through high school.

Last year when she was a Junior, she originated the Student Ambassador project and spearheaded a persistent campaign of raising funds to finance it (this ranged from baby sitting fees to

City of Hope Holds Donor Dinner

ANNUAL DONOR DINNER of the Palm Springs Chapter of City of Hope drew 170 to El Mirador on Sunday night for a gala evening. Pictured, from left, Mrs. Rose Walters, Regional Director; Mrs. Betty Jacobs, who won a special award; Mrs. Bess Matloff, dinner chairman; and president Mrs. Fae Brezin. (Desert Sun Photo)

Regional director Rose Walters brought greetings from the City of Hope and its president Lou Tabak Sunday night, when the Palm Springs Chapter of City of Hope held its annual Donor Dinner at El Mirador. There were 170 in attendance.

Praising the efforts of the Palm Springs Chapter which is only in its second year, Mrs. Walters told how they have helped to make it possible for City of Hope to make major advances in cancer research and even to aid the work of the Air Force.

A highlight of the evening was the presentation of City of Hope's Special Award to Mrs. Betty Jacobs, who has served as ways and means chairman and headed the Night in Hawaii which was one of the winter's major projects.

Mrs. Fae Brezin, president of the local Chapter, welcomed the guests and thanked her "crew" of officers and members for their loyal support. Bess Matloff, chairman for the evening also extended a welcome to the guests and thanked her committee, Dorothy Slatin, Marion Schwartz, Betty Jacobs, Bea Wittenburg, Kate Neishuler, Rose Levinson.

Matilda Barsha, program director of the National City of Hope, presented the program for the evening, tenor Barry O'Hara, and Maralin Niska who replaced Shirley O. Mills, previously announced. Miss Niska of San Francisco Opera Company and has an impressive musical background and a remarkable voice that lent itself well to the "Jewel Song" from Gounod's "Foust," and other operatic numbers. The two opened the program with a duet of "Wonderbar." O'Hara sang "Grenada," "Madamoiselle de Paris" and "I Hear America Singing," and both sang a Hebrew folk song or lullaby.

Installation of officers is scheduled for the evening of May 12 at the Jewish Community Center.

Cards Follow Luncheon Party

Mrs. A. J. Odell entertained Saturday with luncheon and cards in her beautiful ranch home at Palm Desert.

Guests were Mmes. Tom Holland, Armand Turonnett, Merrill Crocket, Franklin Sorenson and Lynn LaBoe of Palm Springs, and Mmes. William Dodds, Otar Roen, Roy St. Leon, Viola Darnall, Fran Hodgeman and Edna Value of Palm Desert.

Perk up tomato juice cocktails with a bit of crumbled or ground basil and garlic powder. Add to taste.

Young Singer of Crosby Film Appears on Brunch Program

Sitting in on a Sunday Brucnh at the Ranch Club you get the feeling that the building must be rocking and rolling with laughter for, once the show starts, the laughs are hearty. The original "Hellsapoppin' " is about the only thing in the history of theatre that can be used for comparison.

Sunday's show ran a generous hour and three quarters and the management had to dim the lights and stop the music to get the crowd to leave.

Sid Tomack, who emceed the merry show, stated it off in rollicking fashion with a fast patter of gags. Clessa Williams kept the crowd in happy mood with her "New York's My Home Sweet Home," and the take off on the Ink Spots by Duke Mitchell and some of the boys did (there's an unexplained waiter who just stands there) kept the laughs coming.

Everything was well warmed up when Paul Desmond, who's been at Chi Chi this past week, came on and sent the laugh-meter soaring again. The popular comedian has never been funnier.

Duke Mitchell (he's about ready to go with a television show of his own next fall) is always a favorite and kept things at a fast pace.

Like a true showman he saved something special for the last part of the program, presenting the charming 16-year-old Judy Harriet an all-talent girl who will be seen with Bing Crosby in his new picture "Say One for Me." Here's a fresh voice and a big voice, and the enchanted audience was comparing her singing to the Judy Garland of several years ago. In the picture she will be singing a Sammy Cahn - Jimmy Van Heusen ditty "The Night That Rock and Roll Died — Almost." Judy has a new record coming out next week under the Surf label. It's "I've Cried for The Last Time Over You," and "Just A Guy to Love Me."

Next Sunday will be the final Sunday Brunch at Ranch Club winding things up until next fall.

Former Villager Here for Visit

Miss Marine LeVeque, former Villager employed by the Chamber of Commerce, is visiting at the home of the Gordon Krysans, 677 Calle de Marcus enroute to her home in San Antonio. It is Miss LeVeque's first visit to the village in over seven years. She has been making her home in San Francisco and is now in the interior decorating field.

Pruitts Hosts TV Party on Derby Day

Kentucky Derby Day found the Francis Pruitts hosting a Derby Party at their home at 1642 South Calle Marcus, with sequinned pink horses (cutouts) out in front of the house and Derby winner pictures around the fireplace indoors, setting the theme.

The guests enjoyed mint juleps as they watched the television of the exciting race, and hot dogs in the patio afterwards.

Among the guests were Messrs. and Mmes. Howard Matthews, Bow Herbert, Chauncey Mahannah, Russ Morgan, Ed Robbin, John Vale, Harry Henkel, Admiral and Mrs. B. O. Wells and Alan McLean.

Making Beds Is An Art

Mom can lighten household chores by teaching Junior to make his bed before school.

Experts at a bedding manufacturing firm (Sealy, Inc.) recommended this quick-and-easy method for teaching the small fry.

Treat all covers (except the bottom sheet) as a single cover. This cuts the time in half.

Line up hems of top sheet, blankets, and spread at the bottom. With the hams even, flick the bedding forward over the length of the bed and tuck in all covers at once under the mattress end only. The bedding will hang straight and neatly along the sides.

Plump pillows and arrange bedding under and over them.

It works for Mom, too.

Wine Tip

Add a tablespoon or more of any table wine to apples, while they are baking. The alcohol will cook away, leaving a delicate fruit flavor.

Save time sprinkling clothes by spraynig water on with a windex spray bottle as you iron.

Donivee

staging style shows at the Chi Chi) so that in June she and three other High School students did go to Washington.

It wasn't just wanting to go to Washington that motivated this . . . As Donivee puts it, "I thought we could learn more about our government and also create a greater interest in the national and international affairs of our country."

This is no member of the Beatnik generation. "I believe very strongly in the youth of America," says Donivee, "I know that with the right leadership and with a positive form of education the youth of America will be a generation of people who will do a great deal of good, which will go down in the history books and will help the general state of the world as a whole."

Looking ahead, following her graduation in June, Donivee hopes to attend the University of California at Berkeley and plans to major in political science and journalism.

California may very well have a woman senator one of these days.

Ted Smiths Honored at Bon Voyage

The travel theme was evident at the two parties this weekend, which the Harold O. Wrights gave at their Riverside home, honoring Ted and Jean Smith, who are planning a European trip this summer.

The bon voyage party for the Smiths, who will be making their first trip abroad, had a background of music from many countries and an international motif set the decor for the table which was centered by an airplane circling a globe.

Around 30 guests attended the Friday night party, and around 20 the Saturday night. Dinner was served buffet style.

The Ellison children assisted and entertained with readings and music by Donivee, Jacqueline and Joanne The money they earned will go into the Student Ambassadors fund, a project close to Donivee's heart as she originated the idea and was one of the first Student Ambassadors who went to Washington last June.

Friday was May Day and that evening the two youngest Ellison children, Jane and Charles, brought May Day greetings to the guests by carrying in a huge May basket of flowers.

BIRTHS

A daughter was born to Mr. and Mrs. Trenton Dumphy of 44-061 Acadia, Palm Desert, at the Desert Hospital on April 29. The little girl weighed seven pounds 13 ounces.

Other arrivals at Desert Hospital include: May 1, a boy, to Mr. and Mrs. Allan Reichle, 30-366 San Antonio Drive, six pounds 13 ounces.

May 2, to Mr. and Mrs. Charles Lynch, of 29 Palms Marine Base, a boy, six pounds 14 ounces.

May 2, to Mr. and Mrs. Louis Lombard of Cathedral City, a girl six pounds five ounces.

YOUNGSTERS IN PALM SPRINGS Unified School District elementary schools will be repeating the above safety slogan this week. The slogans, sponsored by the School District and Safety Council, are used as a means of impressing on young students the necessity of safety en route to and from their classrooms. District policy of repeating slogans has netted schools here an enviable safety record and has been emulated in other schools throughout the state.

For Upgrading Trailers

TCA Given Top Award of Merit

The Trailer Coach Association, representing the mobile home industry in the eleven western states, has been cited by the Chamber of Commerce of the United States in Washington, D. C., for its part in upgrading the construction of trailers.

Announcement of the Award of Merit to the Los Angeles based association came at the National Chamber's 47th annual meeting in the Capitol this seek.

Construction standards for mobile homes and travel trailers, developed and sponsored by TCA and passed into California law, which became effective Sept. 1, 1958, were cited as an "outstanding achievement in the public interest," by William McDonnell, National Chamber president.

Such building codes, particularly as affects all plumbing, heating and electrical installations, make trailer coach construction comparable to permanent housing.

Passage of the construction code made California the first state in the nation to legalize supervision over mobile home building. At present it is estimated over 1,000,000 persons reside in trailer coaches in the eleven western states.

Rodgers Merit Scholarships Now Available

Students wishing to be considered for the awards of the Rodgers Merit Fund Scholarships at San Bernardino Valley College should get their applications and other required materials to the Committee on Awards and Scholarships as soon as possible according to Harold Confer, Chairman.

"May 15 is the date set by the committee for the final day for filing applications; however, if applications are received earlier, the committee can notify the senders whether all necessary materials have been included and the applicant will have ample opportunity to secure substitute materials before the deadline," Confer explained.

Appliction forms and instructions are available at the office of the high school principal.

Several New Retail Stores Set for PD

PALM DESERT — The construction of several new retail stores are scheduled for Palm Desert during the summer months, according to Ed Welcome of Welcome-Kite and Co., Realtors.

Two lots on Highway 111, adjacent to the Palm Desert Liquor store, were recently purchased by Mrs. Almareno Adams and Mrs. B. Lee, of Westwood, Welcome announced. Both deals were negotiated through the Welcome-Kite office.

Construction will begin within the next few weeks and the real estate office will both supervise the building and act as leasing agent for the stores, Welcome said.

Owner of the store building which adjoins the Palm Desert Shopping Center, Welcome also reported that he has purchased the lot next door and is now completing plans for an additional store building.

Gillespies Host Michigan Guests

PALM DESERT — Mr. and Mrs. Jack Gillespie, who recently moved to the desert from the San Fernando Valley, entertained as their houseguests this week Mr. and Mrs. Wilbur Thomas of Gross Point, Mich., where Mr. Thomas is an executive in insurance business, and Mrs and Mrs. J. Winthrop Miller also from Michigan.

Mr. Miller, who at present is vice president of Union Oil Co., first came to Palm Desert 13 years ago when he established the local Union Oil station still operated by Jerry Malone.

Phil Breedloves Entertain Guests

PALM DESERT — Mr. and Mrs. Phil Breedlove Jr., owners of "Design Center," had as their houseguests this past week Mrs. Dorothy Howard of La Jolla and Mrs. Julia Birdwell of Beverly Hills.

Mrs. Birdwell is the mother of the noted publicist Russell Birdwell, who is also expected to pay a visit to the desert area within the very near future.

Mrs. Anderson Returns to PD

PALM DESERT — Mrs. George Anderson has returned from a four day visit to Flintridge where she was the houseguest of Mr. and Mrs. Wilbur D. Rankin.

Mrs. Rankin is the well known landscape artist who has exhibited in many of the outstanding Los Angeles galleries.

Top Caller Cal Golden to Be At 1959 Rally

One of the nation's top square dance callers has been signed up for an appearance at the 1959 Palm Springs Trailer Rally and Show, Rally Director Paul Harrison announced today.

Harrison said that Cal Golden, "The Arkansas Kid," will be featured dance caller for the big October trailer jamboree here.

Now enjoying international fame, Golden, an Air Force sergeant stationed at March Air Force base, was selected to represent this nation at the Brussels World's Fair last summer.

Golden called square dances witnessed by an estimated five million visitors to the American pavilion at the fair.

In addition to his Air Force duties, Golden has his own "Hoedown Record Co., and has organized classes and clubs for square dancers all over the nation.

TWO PARTY CRASHERS are offered a flowery snack by Mrs. Harriet Day of Cathedral City, left, and Karin Holm, after they invaded a patio party marking Mrs. Day's 71st birthday. "They just walked in and made themselves right to home," Mrs. Day explained. Both shellbacks apparently traveled a pretty long distance to reach the party —one has a Palm Springs dog tag attached to its shell. The tag number, in case you lost your pet turtle, is 673. The lovely new home of Natalie and Ralph Hale on Golden Rod Lane was the locale of a cocktail party. The invitations read "from dusk on," but daylight savings moved "dusk" over an hour. More than 160 guests enjoyed the evening, in the house, on the patio where potables were served and on down around the pool, where balloons floated in a festive manner. This party given by this popular couple was one of the outstanding affairs of the season.

On the afternoon of April 28, Mrs. Roy Vernier hosted a luncheon and bridge party in her De Anza Street home. Her guests included Mrs. Wilber Bear, Mrs. W. H. Hodgeman, Mrs. Ralph Caplinger, Edna Value, Belle Keightley, Mrs. Mon Wallgren, J. B. Schutz, Robert Brooks, Donna Cockerill, Adele Ruge, Lillian Gubitz, Frances Barry, Evelyn Sahland and Mrs. Henry LaForgue.

The popular Sunday Buffet Brunch at Shadow Mountain Club will continue for the first three Sundays in May. This will include Mother's Day which will bring out a capacity crowd of members, mothers and guests. The Todds will be playing through May 17, and there will be a farewell party in their honor.

Mrs. John Moran entertained a large group of friends for luncheon and bridge at the new Indian Wells Country Club. This affair was in the nature of a farewell party for Mrs. Walter Allen (Doris) who with Mr. Allen leaves this week for Oklahoma City and Minnesota, returning here in the fall. These ladies also said "farewell" to Mrs. Harold Dahlberg (Ebba) who is leaving in a few days for a three month visit with her mother in Sweden.

The "Roaring 20's" party put on last Monday night was a roaring success. This was the family meeting of the Palm Desert Woman's Club and there were prizes for everyone. The floor show was entirely local talent and included a chorus line, Helen Seals, Ruby Meyers, Mercedes Schwilck Elmere Byerly, Lois Huntoon and Mary Jane Munns. The Barbershop quartet included Ralph Dietz, Wayne Neeld, Dick Kite and Earcel Ostler. Jerry Malone was the Clara Bow "IT" of the show and Lou Kuehner and Betty Crockett did the Varsity Drag and Black Bottom. Cliff Carling "em-ceed" the show.

Mrs. Edna Value hosted another of a series of luncheons this week that she has been giving this month at Shadow Mountain Club. Among those who enjoyed her hospitality were Faye Pautaz, Pat Steele, Dolly Olesen, Mary Caplinger, Edna Henderson, Frances Townsend, Viola Brooks, Doris Allen, Belle Keightley, Edwina Warren, Margaret Rollins, Fran Hodgeman, Edith Jones, Helen Seals and Edith Monroe.

James Barton and A. J. Gibson of Sun Lodge Colony played in the Pow-Wow Tournament at Indian Wells Golf Club.

Mrs. Hazel Sergeant has returned to her Shadow Mountain Drive home and will be here until after the Luau May 16.
